

WILSON AFFIRMS HE IS NOT FOR COMPULSORY FREE TRADE

In Letter Interpreted as Guaranteeing German Trade Share

RECRIMINATIONS IN THE SENATE

Who Is Doing Politics? Draws Heated Answers from Both Sides

WASHINGTON, Oct. 28.—Peace negotiations, and President Wilson's statement asking his fellow-countrymen to return a Democratic Congress were the vehicles of a partisan debate which continued throughout today's Senate session and blocked plans for adjournment of Congress tomorrow over the elections.

The discussion, which was opened by Senator Knox of Pennsylvania, Republican, and former secretary of state, with an attack on the President's appeal to the electorate, became general among the dozen senators present. Republicans sharply criticized the President for curbing on peace discussions with the Central Powers and for enunciating terms and principles of peace.

Senator Knox said the President's appeal raised the question whether the will of the President or that of the American people is determining the policy of this country in ending the war, while Senator Poindexter of Washington, Republican, said the President assumed more authority than is given under the constitution in fixing peace terms. The Washington senator said no greater service could be done Germany than to bring about an armistice.

Not for Free Trade Democratic senators vigorously defended the President with Chairman of the foreign relations committee, the chief spokesman. Answering the Republican contention that in his third principle against economic barriers, the President was attempting to inject free-trade into the peace treaty, Senator Hitchcock read a letter from the President saying his words left every nation free to decide its own internal economic policy, but that tariffs adopted should apply to all nations alike.

Before the Senate met a similar letter, addressed to Senator Simmons of North Carolina, had been published. Both Senators Knox and Poindexter said the letter clearly demonstrated that the President favors submitting the peace terms to the people, and that nations as an equal partner, and with assurances against discriminatory treatment.

AUSTRIA PROPOSES TO BREAK ENTIRELY FROM TEUTON SIDE

Agrees in Message to Wilson to Accept Independence of Slav Groups, Abandons Germany

BASSEL, Oct. 26.—(By the Associated Press.)—The text of the Austrian reply to President Wilson reads:

"The Austro-Hungarian foreign minister instructed the Austro-Hungarian minister at Stockholm to ask the Swedish government to send the following note to the Washington government:

"In reply to the note of President Wilson of the 15 (1918) of this month, addressed to the Austro-Hungarian government and giving the decision of the President to speak directly with the Austro-Hungarian government, has the honor to declare that equally with the preceding declarations of the President, it adheres also to the same point of view contained in the last note upon the rights of the Austro-Hungarian peoples, especially those of the Czech-Slovaks and the Jug-Slavs.

"Austria-Hungary, accepting all the conditions the President has laid down for the entry into negotiations for an armistice and peace, no obstacle exists, according to judgment of the Austro-Hungarian government to the beginning of these negotiations.

"The Austro-Hungarian government declares itself ready, in consequence, without awaiting the result of other negotiations, to enter into negotiations upon peace between Austria-Hungary and the states in the opposing group, and for an immediate armistice upon all Austro-Hungarian fronts.

"It asks President Wilson to be so kind to begin overtures on the subject.

WASHINGTON, Oct. 28.—While the President's note to President Wilson was delivered to the State department today through the Swiss legation, cable despatches from Europe brought information that the Austro-Hungarian government had caused another communication to be dispatched to the President asking that immediate negotiations for peace and an armistice be entered into without awaiting the results of exchanges with Germany.

"The German government," asserted it adhered to the point of view expressed by the President in his last communication upon the rights of the Austro-Hungarian peoples, especially those of the Czech-Slovaks and Jug-Slavs, and requested that he begin overtures with the Allied governments with a view to ending immediately hostilities on all Austro-Hungarian fronts.

The official text of the German note did not differ materially from the unofficial cable. No reference was made to the fact that the German government was forthcoming, but it is known that no response will be made at present to the communication, which is believed to have been dispatched with the primary intention of satisfying the German people their government is not omitting any opportunity to forward the negotiations. Regarding the renewed assurance in the German note that the constitutional structure of the German government has been—and is being—changed to Democratic lines, it is pointed out that the truth of this statement and the scope of the changes made are open to question.

Senator Pittman of Nevada, Democrat, made a vigorous attack on the President's appeal, especially on the part of Theodore Roosevelt, declaring that the former President had also criticized Senators Lodge, Smoot and Penrose at the time the Progressive party was formed. The Progressive party, he said, was the result of the President's appeal, and the President was just as untrue as the Senator he had said about President Wilson.

Both houses adjourned until Thursday morning. Republican leaders plan to continue the peace and political discussion. The House had adopted the resolution for adjournment, but after the Senate failed to act, nullified its action.

Republican senators were said to intend to hold the Senate technically in session to await developments in the peace negotiations, as well as to continue discussion on the floor. Democratic leaders said tonight that if necessary they would prevent any further peace and political debate by parliamentary reports.

President's Letter The President's letter follows: "Dear Senator: I am glad to respond to the question addressed to me by your letter of October 26. The words of January 8, 1918, were: 'The removal, so far as possible, of all economic barriers and the establishment of an equality of trade conditions among all the nations consenting to the peace and associating themselves for its maintenance.'

MINOTTO STORY TO BE USED IN CAILLAUX TRIAL

Startling Disclosure of Luxemburg End of Bolo Pasha Intrigue

INTERNED ALIEN AT NEW YORK

Son-in-Law of Pork Pack-er Now Shows Anti-German Eagerness

NEW YORK, Oct. 28.—Startling disclosures regarding the alleged negotiations of Joseph Caillaux, one time premier of France, and Count von Luxburg, former German minister to Argentina, intended to re-establish Caillaux in power in 1918, and bringing about a separate peace with Germany, have been made to Deputy State Attorney General Becker by Count James Minotto, who is a son-in-law of Louis Swift of Chicago.

The deposition of Minotto, who is a son-in-law of Louis Swift of Chicago, has been forwarded to the French ambassador at Washington, Becker said, and a summary of it has been cabled to France for use in the trial of Caillaux for high treason, which opens tomorrow. The full text also is on its way to Paris by a fast steamer.

Minotto was brought here last week from Port of Spain, Guy, by special train, and is being interviewed by acting attorney general, who was commissioned by the French government to investigate various phases of German intrigue in this country against France.

Count Minotto, who comes of an old Italian family, but who was born in Berlin, in 1915, took part in extended conferences in Buenos Aires between Caillaux, then on a special mission to Argentina for France, and Luxburg, according to Minotto's sworn statement. The count, Becker said, was reluctant at first to reveal his knowledge of the alleged Caillaux conspiracy, but finally confessed his connection with the negotiations. Details of his testimony, the official said, would not be published until they have been offered in evidence in the Caillaux trial.

Count Minotto, Mr. Becker stated, exhibited decided anti-German sentiment during his interview and appeared anxious to give all the information in his possession. His testimony was corroborated by interviews with other persons, Becker said, and the collateral depositions as well as that of Minotto, were delivered to the French embassy.

Minotto, the official stated, though apparently not commissioned for that purpose by the German government, served as a German agent in the Caillaux-Luxburg conferences.

Caillaux is charged with "intrigue tending to shake the solidarity of the Allies and to bring about a premature and dishonorable peace with Germany."

His case is linked with those of Bolo Pasha, convicted of treason and executed, and Louis J. Malvy, former minister of the interior, who is alleged to have been the former premier's tool in the government. The Caillaux conspiracy, it is alleged, posed an armed battle between Germany, Italy and Spain against England and Russia.

Minotto was interned in May on a presidential warrant and taken to a southern internment camp. Because of his revelations in the Caillaux case, he decided not to send him back there.

FRENCH ON OISE, ALLES IN ITALY, BREAK HUN LINES

Retreat North of Aisne Points to Abandonment of France; Austrians Lose Many Men

By the Associated Press.

While both Germany and Austria are seeking to secure a cessation of hostilities, and Turkey also is reported to be favorably disposed toward peace, the Entente Allied troops on all battle fronts are giving no heed to peace proposals, but are continuing without mercy to drive their foes before them.

In all the battle zones the Allies are moving with marked success. In France, the German battle line slowly is disintegrating under the violence of the Allied offensive. In Northern Italy the Austro-Hungarians are being forced back by the British, French and Italian with heavy losses. In Mesopotamia, the British are driving the Turks toward the Mesopotamian frontier, while in Asiatic Turkey, both in Syria and Mesopotamia, the British are clearing the Turks from their former strongholds.

Although the Germans in France and the Austrians in Italy are retreating, they are giving way steadily under the force of the attacks. In the other theaters there apparently is not the same disposition to offer stubborn denial of the right of way except possibly in the mountain region of Italy, where an attempt is being made by the Allied forces to open the back door into Austria.

Haig's Advance South of Valenciennes. In France, Marshal Haig's forces, notwithstanding stiff opposition, have advanced their line in the general operation which has in view the capture of Valenciennes and pressing on toward Mons and Maubeuge. This is part of the converging movement that is a link on between Belgium and the region north of Verdun.

Further south, from the Oise river to the region of Reims, the French have gained a signal victory by forcing a retreat of the enemy in the big salient north of Laon and are threatening to cause the collapse of the entire German line eastward through a fast turning movement. American troops have been thrown into the line near Reims and have advanced nearly 10 miles and taken numerous prisoners. The German war office admits the success of the thrust of the French between the Oise and Serre rivers, saying that the German lines were withdrawn Sunday night to a front west of Guise and east of Crecy.

In connection with this general movement, the Americans northwest of Verdun have begun an operation which possibly may have important results for the first time since the Americans entered the war they have opened fire against the back line of the enemy with their new long range guns and heavy bombing. Longwood, some fifteen miles distant from the American first line positions, is the American territory through which the Germans are throwing their shells that the Germans have been reinforcing their lines eastward, and should the blasting procedure prove effective in blazing a trail along the Meuse for a quick advance by the Americans, it is not improbable that a German retreat from the region east of St. Quentin northeastward to Luxembourg will be necessitated.

Cross the Piave On the northern Italian front, hard fighting is in progress between the Brenza and Piave rivers. Along the Piave the Allied troops have been successful in crossing the river, inflicting heavy casualties on the enemy and taking more than 2,000 prisoners.

In Albania, the Austrians have been driven by the Italians in the region of Alessio, which lies twenty miles southeast of Scutari, just south of the Montenegrin border. In Serbia the Austrians have evacuated Kragujevac, fifty-five miles southeast of Belgrade, and are retiring toward the Danube.

The Turks last are being driven out of Mesopotamia, having reached a position more than 135 miles north of Bagdad, while in Syria, General Allenby's troops are keeping in close contact with the Ottoman forces north of Aleppo.

CUT TURK ROAD IN MESOPOTAMIA

British Advance 155 Miles Beyond Bagdad in Kurdistan

HUNS HEAVILY FORTIFYING ALSATIAN HILLS

Preparing for Any Possible Blow at South End

VERDUN ATTACK AS SIDE EFFORT

Success There Would Open Way Directly to Rhine

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 28.—(By the Associated Press.)—The Germans have created a great reserve zone in Loreine through which civilians, unless they have authorization, may not pass. They also have transferred a part of Alsace into a great entrenched camp, in which carefully prepared machine positions will make up for their lack in human material.

The Germans have expected a direct attack by American and French troops against the German left wing and have been fearful that the Allied troops would break through, as they have done in other attacks during the past few months. Their anxiety was shown in the following declaration printed by the Frankfort Gazette in a recent issue:

"The situation has become noticeably difficult. It is most tense on our left wing from the strategic as well as the tactical point of view. One must regard with all seriousness the increasing gravity of the situation in the region of Voujeux, because the Entente has succeeded in obtaining considerable advantage in the center between the Scheldt and the Cambrat to place our line."

Early in the morning American patrols established that Belgoyeuse farm, northwest of Grand Pre, had been deserted by the enemy, but that it was well protected by a heavy flanking machine fire. It therefore remains "No Man's Land."

Rhine Enemy Attack The Americans in the Bourgogne wood control the ridge extending from Talmay east to the southern part of the wood. The Germans today infiltrated through the American line at Hill 264, heavily armed with machine guns, and captured several American machine guns and turned them on the Germans.

German patrols which sought to penetrate the American line north of the Ravine-Aux-Pierres were repulsed by an unusually heavy fire.

The infantry activity was slighter in the center and on the right of the line, but the enemy's artillery resistance grew constantly in power during the past twenty-four hours. A harassing fire was carried out against the American front lines and back areas all about the line today. The Americans retaliated suitably.

New Hun Flyers A new German aviation squadron made its appearance over the American lines in the vicinity of St. Julien. Some of the machines were painted bright vermilion and others dark gray with a plain black cross on their sides. Some of the machines had flaming red noses. Many of them dropped propaganda.

RECOVER SO FAR 158 WRECK VICTIMS

Will of John Maskell, Made During Storm, Is Found

JUNEAU, Alaska, Oct. 28.—The Canadian Pacific steamship Princess Sophia went to her doom in Lynn Canyon with 345 souls, between 5 and 6 o'clock Friday evening.

W. J. SORRICK OF LEMOORE DIES AT CAMP WRIGHT, WASH.

WILLIAM J. SORRICK.

(Special to the Republican.) LEMOORE, Oct. 28.—Another gold star has to be added to the service flag of Lemoore through the death of William J. Sorrick, son of Mr. and Mrs. C. A. Sorrick of Lemoore. He died in the hospital at Camp Wright, Wash., early on Sunday morning. He left Lemoore on October 15, and it is reported that on the way to camp he contracted Spanish influenza, and was taken off the train immediately upon arriving at Camp Wright. He was to have taken a course in the mechanical school. Besides his parents he is survived by a sister and two brothers. He was 21 years of age.

ASKS POSTMASTERS TO GET BUSY FOR WILSON ASPIRANT

WASHINGTON, Oct. 28.—Senator Penrose read into the record a telegram from the Nevada state Republican committee today quoting a letter said to have been sent to every postmaster in that state, signed by Russell McArdle, chief clerk of the post office department. The letter said Postmaster General Earle was deeply interested in the senatorial contest and hoped that the postmaster general "draw a line" to McArdle telling of the outlook and what changes Senator Henderson, Democrat, had for reelection.

MONTAGUE COMES ON BRITISH MISSION

AN ATLANTIC PORT, Oct. 26.—Edwin S. Montague, secretary of state for India, arrived here today on a British steamship. He is on his way to Washington on a special mission.

MUST NOT RAISE PRODUCTION COSTS

LOS ANGELES, Oct. 28.—The federal oil inspection board for California ruled today that the influenza epidemic has created an emergency under which any move of producing companies should work on terms that will not increase production costs. Its ruling, made in a telegram to one of the basic producing companies, was as follows:

"The influenza epidemic will be considered as an emergency under our ruling, and when men are not available to relieve those affected, employees will co-operate with companies by working additional hours, being paid on a pro-rata basis of regular wages to obviate unusual accumulation of overtime."

SEE INSINCERITY IN GERMAN NOTE

British Papers Say Terms
Should Be Rigorous but
Not Needless

LONDON, Oct. 28.—The brevity of the reply to President Wilson's note is a measure of its significant sincerity, says the Daily News.

President Wilson's note puts an end to further argument. It is due to Dr. Solf, the German foreign secretary, to say that his note is precisely what the occasion demands, says the News, which continues:

"If peace, as the new posture of Germany warrants us in believing, is coming within reach, there must be no delay in taking steps to end hostilities. There is no justification in fighting on for what can be had for the asking."

"The terms of an armistice must be rigorous, but not needlessly so."

The Express, enumerating the latest occurrences in Germany, including the reply to President Wilson, exclaims:

"The signs portend enough, pointing to a speedy end of the nightmare and indicating an acceptance of the terms soon to be dictated."

The Daily Mail hopes and believes the Allies will not do anything to the first immediately to discuss the terms upon which they are willing to grant an armistice. The paper says the German reply does not meet President Wilson's questions and after summarizing the most recent happenings in Germany, declares in effect, that nothing is altered there.

"The sword is still in the hands of autocracy," the paper states. "It will be time enough for Marshal Foch to state the terms when that sword has been broken or broken."

"The promptness of the reply may be accepted as convincing evidence at least of Germany's desire and need of an armistice," says the Post.

Dr. Solf's assurances regarding the reaching of a speedy end of the nightmare, however, nothing has happened that as yet suggests anything fundamental has been changed in Germany except the expectation of victory.

"The first condition of an armistice is that Germany shall be unable to break it or refuse the conditions the Allies dictate. If the German government means business it will send plenipotentiaries to Marshal Foch to discuss the terms of an armistice."

"The Times says there is no news viewpoint in the German reply except that it seeks rather crudely to impose upon President Wilson and the Allies the conditions of an armistice."

"It is for the Germans to approach the naval and military commanders with the formal petition for a cessation of hostilities."

Averse to Abdicating
LONDON, Oct. 28.—Emperor William has no intention of abdicating, but is willing, if it is for the good of the people, that his rights shall be relinquished, according to a statement attributed to German court circles. The emperor is said to have remarked:

"I will not abandon my sorely tried people, but if necessary I am ready to become something like hereditary president of a German republic, like the kings of England, Belgium and France."

Accepts Without Wincing
PARIS, Oct. 28.—Commenting on the German reply, the Temps remarks that President Wilson did not ask for a reply, adding:

"His note virtually ended with the word 'capitulation.' Dr. Solf accepts everything without wincing and begins his reply with a plain 'banality.' The German reply is another attempt to confuse the question of an armistice with the question of peace."

Still in Saddle
AMSTERDAM, Oct. 28.—The Berlin Vorwaerts, the Socialist organ, in an account of Saturday's Reichstag meeting, says that Dr. Solf, independent Socialist leader, complained that the government proposals constituted only half-way reforms, because in giving a voice to the bündel in questions of war, peace and treaties, the people were deprived of being able to render the decision.

"After all," Bernstein added, "the Kaiser finally retains the reins and, in parts, splits to the army, which is extremely dangerous for democracy. President Wilson refuses to negotiate with those at the head of affairs, and we must meet him if we desire peace."

**CURTIS PLANE IS
MAPPING VALLEY**
(Special to the Republican.)
VISALIA, Oct. 28.—Lieutenant B. R. Gibson, pilot, and Corporal O. E. Peterson, mechanic, of the United States army, landed on the outskirts of Visalia this afternoon on the first leg of their journey from Arcadia, near Los Angeles, to Madera, field, after a thrilling day in the air. The two men, with some trouble which necessitated their forced landing in the mountains of the Tehachas with a broken gas feed line. Their trip is for the purpose of mapping the valley for the purpose of mapping the country. Their only other voluntary landing today was at Bakerville. The two men leave Visalia at 8:40 tomorrow morning en route north via Fresno and Stockton.

**TORPEDOES SHIP
OFF NEW JERSEY**
HAMAHAWKEN, N. J., Oct. 28.—A Spanish steamer loaded with sugar was torpedoed ten miles off Barnegat, N. J., at 10 o'clock last night and 21 of the crew of 28 reached the shore early today, according to information received here by coast guards.

**LETT PEASANTS
NOW IN REVOLT**
WASHINGTON, Oct. 28.—Diplomatic adviser from Amsterdam says Lithuanian peasants have revolted and thousands of them have joined other deserters who are hiding in forests and swamps. German troops are declared to have been defeated in several fights with them. The government is said to be reinforcing the frontier. It is said the revolt is spreading through the whole country.

AMERICAN TROOPS OFF FOR THE FRONT

This official photograph, taken on the British western front in France, shows a detachment of American troops, who are still passing into France, leaving camp for the front. It is a rainy day, but the boys are happy regardless of the weather in the prospect of seeing action at last.

WILSON DENIES HE HAS CALLED FOR FREE TRADE

(Continued from Page 1.)

ment should be left to the joint action of all nations for the purpose of punishing those who will not submit to a general program of justice and equality.

"The experiences of the past among nations have taught us that the attempt by any one nation to punish another by exclusive and discriminatory trade agreements has been a prolific breeder of that kind of antagonism which often times results in war, and that if a permanent peace is to be established among nations, every obstacle that has stood in the way of international friendship should be cast aside. It was with that fundamental principle in mind that I announced this principle in my address of January 8, 1918."

"To pervert this great principle for purposes of free trade, which is not involved at all, is to attempt to broad the mind of the nation from the broad and humane principle of a durable peace by introducing an internal question of quite another kind—American business, has in the past been unaffected by a policy of the kind suggested and it has nothing to fear now from a policy of simple international justice. It is indeed lamentable that the momentous issues of this solemn hour should be raised upon an effort to bend them to partisan service. To the initiated and discerning, the motive is transparent and the attempt fails."

"Sincerely yours,
"WOODROW WILSON."

Following is the letter of Senator Simmons:

"Dear Mr. President: Certain Republican leaders are attempting to make a partisan use of paragraph three of your peace terms found in your address to Congress, January 8, 1918. No one has authority to reply to a misconstruction of any part of your address excepting yourself, but I, as chairman of the finance committee of the Senate, wish you would make reply to these statements and insinuations, which are being industriously circulated by the opposition to embarrass you in the handling of these delicate matters."

"Sincerely yours,
"F. M. SIMMONS."

**SCHOONER ADRIET
ON NORTH COAST**
EUREKA, Cal., Oct. 28.—The steam schooner Mandala, which was driven on Fautleroy reef, at the mouth of Klamath river, Sunday morning, has been towed from the reef and drifted between four and five miles northward to the mouth of Wilson creek, according to reports received here tonight from Crescent City.

Late tonight the Mandala was reported to be still without assistance in a wireless message from Captain J. T. Ellison, of the coast guard station, who took a crew to the scene in a high power motor boat. Captain Ellison said he was unable to get close enough to the Mandala to render aid, but that all were safe aboard.

**9,000 AUSTRIANS
TAKEN PRISONER**
ROME, Oct. 28.—More than 9,000 Austrians were taken prisoner in the operations on the Italian front yesterday, according to the war office announcement today. Fifty-one guns were also captured.

Today's war office communication says:

"Our army, in conjunction with Allied contingents, has crossed the Piave river, engaging in bitter battles with the enemy."

"Between the slopes and heights of Veduggione and the mouth of the Salto torrent our infantry assault troops passed during the night, under violent fire to the left bank of the river, broke into the enemy's front lines and carried them."

"Supported by the artillery on the right bank, they gained ground and repulsed enemy counter attacks throughout the day."

"To the south the tenth army, taking advantage of the success of the British at Grappa, compelled the enemy to retreat and repulsed two counter attacks in the direction of Borgo Malenotte and Roncesella. Prisoners captured yesterday aggregated more than 2,000. Fifty-one guns were captured."

"Allied aircraft, with extreme daring, attacked the enemy troops from low altitudes."

"In local fighting on Monte Grappa, 180 prisoners were taken. The enemy heavily attacked on Monte Partico and sustained a foothold in the Italian positions, although at great sacrifices. Later the Italian infantry in severe fighting drove out the enemy and regained the lost positions."

"Albania our advance guards have crossed the Mali river and are marching on Alauia."

LIBERTY MOTOR IN QUANTITIES

Expert Mechanic Writes
from English Camp
of Its Success

SAN FRANCISCO, Oct. 28.—The Liberty motor has made its appearance in great quantities; it is certainly a big success, especially the quantity production; it is the cleanest cut motor over here."

Corporal Jack Irvine, Jr., expert mechanic in the United States army corps and son of J. C. Irvine, of San Francisco, noted air pilot and official representative of the Aero Club of America, here, so sizes up America's most important contribution to aerial fighting force. Corporal Irvine has been engaged in an English technical camp in putting the new motor into final shape for chasing the Hun."

In his letter, passed by the British censors, Corporal Irvine gives some interesting points on the motor. He says in part:

"I haven't been in the air lately, as the Liberty machine has made its appearance in great quantities and I've been kept busy tuning them and making a few changes on the bevel cam shaft drive gears. These gears, it seems, are a little light to stand the strain. The correction will be made on the ones to follow. I imagine."

"The relief valve which controls the oil pressure is in a rather hard or difficult place to get at. We drop the pressure from fifty pounds to about twenty-five as the oil gets by the pistons to the plugs. A scraper ring on the pistons would eliminate this trouble with the pressure still at fifty."

"Otherwise the Liberty is certainly a big success, especially in quantity production. It is the cleanest cut motor over here."

"Its weight is 806 pounds and horsepower 420 at 1,700 revolutions per minute. Fuel consumption 34 gallons per hour, oil and oil one and one-half gallons per hour."

"We use the Liberty in types of machines, the De Havilland four and the De Havilland ten. The statesman building these types. Of course you know that it is impossible for me to write of the weight of bombs carried, etc."

"Our squadron boys now wear the gold bar on their sleeves, six months foreign service. We were among the first 200,000 over. The later men will get a silver bar. At present I am attending a technical school at Wandsworth, having been elected with three other California boys to receive the courses. This opportunity is given out through headquarters at London for the squadron daily reports. We have been here one week and I am sure in favor of the idea. Every known motor is dissected here and a technical course on carburetion, ignition, construction and design given."

No doubt we will finish with the work in a month, will take up the Hispano Suiza and Monocoupe types. This has it on other types of rotaries."

"If you remember I had quite a fine opportunity to get the proper working of the Rolls-Royce getting I visited the works at Derby through the hospitality of the representative, Mr. Arner. The Rolls-Royce is one of the costliest motors made in Europe for pleasure cars."

"Here at Wandsworth there are about 100 Yanks attending school and a large number of Tommies. It's quite an interesting place, being part of Lord Rothschild's estate and the camp where Lord Kitchener's Contemptibles were raised. As a side attraction our friend Bill Penn's grave is a few miles away."

"Last night we hiked over to Tring, an interesting little hamlet. The houses, streets and stores are so small in these villages that a fellow feels pretty big. Many of the streets are no more than ten feet wide."

"Last Sunday we visited the old town of Aylesbury. Had to dine at three restaurants before getting filled up. The small villages are what I like to visit. The little brick houses and crooked, narrow streets are a scream. There is a small hotel called the 'Stock of Hay.' This place is built of brick with tiled roof, heavy oak doors and about twice the size of an ocean boat."

"Well, dad, it won't be long before you will be getting mail from me via Berlin. No fooling."

Corporal Jack recently wrote a letter to San Francisco while flying 8,000 feet over London.

**LUDENDORFF FALL
VERY IMPRESSIVE**
(Continued from Page 1.)

In Germany without his sanction. His interference extended absolutely everything. Whenver political affairs had to be settled, Ludendorff was there."

Wolff attributed to Ludendorff direct responsibility for the downfall of Dr. von Bethmann-Hollweg, chancellor, and Dr. Richard von Kuehlmann, foreign secretary.

EARLY HOURS FOR LEWIS SOLDIERS

CAMP LEWIS, Tacoma, Wash., Oct. 28.—During the winter months, soldiers at Camp Lewis will arise at 5:15 a. m., according to an order issued today making this hour the time for sounding reveille. Taps will sound at 11:30 p. m.

Until Sunday, when the clocks of the nation were set back an hour, reveille was sounded at 5:45 a. m. and taps at 11 p. m.

Thus while most people are lying about an hour later this morning the soldiers only had one-half hour more in bed. The new schedule will give the maximum amount of daylight for the training of the 13th division.

Sixteen officers and enlisted men of the French and Italian divisions at Camp Lewis, who have been serving here as instructors, will be released from duty November 1 and will proceed to Washington to report to the chief of the training and instruction branch of the war plans division. All of these men have been here two months or more. They probably will be sent to other camps as instructors after reporting at Washington.

Influenza continues to decrease here. Sunday there were but 67 cases and Saturday only 54. Pneumonia is decreasing, 37 cases being reported Sunday and 42 Saturday. It is probable that amusement places in camp will be reopened this week, although the quarantines against outside will not be lifted until conditions are greatly improved in nearby cities.

THE WORLD WAR
SAN FRANCISCO, Oct. 28.—The thousands of boys in the United States Boys' Working Reserve throughout the country are to be put into a city olive drab uniform, following the approval of such a course by the war department, the state council of defense announced here today. The working reserve is composed of school and other boys under the draft age who help out in the fields and elsewhere during vacations and at other times. An organization of the boys is being perfected in California.

AMSTERDAM, Oct. 28.—As a consequence of the resignation of the government of the kingdom of Saxony, two of the ministers have resigned, the Saxony State Gazette has announced, according to advices from Dresden. King Friedrich August has accepted the resignation of the premier and minister of finance, it is stated.

SAN DIEGO, Oct. 28.—The new naval academy, from Rockwell field aviation school today had some real work to do in caring for Lieut. E. M. Holsington, who was accidentally wounded by a duck hunter near Ramona, more than thirty miles east of the city. First aid was administered to the injured officer at Ramona by the men on the ambulance and the machine then brought him to the hospital at Fort Rosecrans. His condition is not serious.

MILWAUKEE, Wis., Oct. 28.—Victor L. Berger, former congressman and three other prominent socialists, who were indicted last week by a Federal grand jury on charges of violating the espionage act, pleaded not guilty when arraigned today. Berger was released on bonds of \$10,000 and the others on bonds of \$5,000 each.

LONDON, Oct. 28.—General Ludendorff resigned as first quartermaster general because the military authorities were placed under civil control. The resigning general, an Exchange Telegraph dispatch from Copenhagen adds, has returned to great headquarters to take leave of the army and Field Marshal Von Hindenburg, who remains as chief of the army.

CHICAGO, Oct. 28.—A fund of more than \$500,000 will be set aside by the supreme domain of the Knights of Pythias for the care and rehabilitation of disabled and incapacitated soldiers and sailors, and care of Pythian soldiers' dependents, according to action of the war commission of the order at a meeting today. The money had been collected for erecting huts at cantonments.

**DINNER IN HONOR
OF LAGUARDIA**
NEW YORK, Oct. 28.—Major Florentino B. Laguardia of this city, who left his seat in Congress and joined the aviation service when America entered the war, attended a dinner given in his honor here tonight on his return from the Italian front. He wore three decorations for valor.

Major Laguardia went to France as a first lieutenant with the first contingent of aviators and soon was made a captain. He was in charge of the American aviation school on the Italian front.

"Our American boys," he said, "are praised most highly by all of our allies. The American aviators are experts in bombing. They are fearless, courageous, yet cautious to a degree. The Austrians had an idea they dominated in the air but we soon changed that for them. Our task was to cover the territory from the Trentino to the Piave and we did it."

Notice to Charge Customers:
Charge purchases made during the remainder of this month will be billed upon November accounts, payable in December.

Editorial

In fair weather any house will do, but when the storms come, the house that is built upon the rock is the one that endures.

The massive Gottschalk store, with its great aisles and air spaces, its polished fixtures that do not need (nor have) germ catching decorations, appeals to some as grandeur.

But it is not—it is simply the dignity of a staunchly built structure. Sunshine searches out every corner of it, the pure air circulates everywhere. Alas cannot be crowded. This great store is in truth "surgically clean."

It was built this way to safeguard the health of customers and employees, and to keep merchandise clean and fresh.

It is an economy at all times. It is a Public Benefaction now.

36-inch (will) back-satin. Rich, lustrous cloth; is well worth your careful consideration. We are showing over 25 stylish coats at a most reasonable price. Per yard \$1.75

36-in. Liberty Satin—an elegant silk, shown in all the most stylish shades. A very attractive tuster; and splendid weight. Per yard \$2.25

38-inch heavy charmeuse dress satin. This rich and splendid material will flatter you. It is shown in all the latest colors. Per yard \$2.48

36-inch fancy silks. A silk for your combination dresses, skirts, etc. A large assortment of patterns in stripes and plaids. Per yard from \$1.65 to \$1.98

FORMER FRESNANS BLIEVED LOST IN SHIPWRECK

Mr. and Mrs. J. E. Garner
and A. R. Garner on
Alaska Ship

All Enroute to This
City to Visit
Relatives

Word was received in Fresno last evening that three former Fresno residents believed to have been on their way from Alaska to spend the winter in Fresno, were probably on the ship Princess Sophia, which was sunk with all on board off the coast of Skagway Friday. If the three former residents of this city were on the ship, and indications are that they were, relatives fear they went down with the ship. A list of passengers included the name of A. R. Garner.

J. E. Shadle, barber at the Rex barber shop on Mariposa street, who lives at White avenue and Abby streets, yesterday received a telephone message from the secretary of Clarence J. Berry, the San Francisco millionaire mining man, that he had received a message from Circle, Alaska, which stated that Mr. and Mrs. J. E. Garner and Alfred R. Garner had left that city with the intention of taking passage on the ship Princess Sophia. No further information has been received, and with the exception that the name of Alfred Garner appeared in a partial list of the survivors, it is not definitely known that the two men and one woman, former residents of Fresno, were on the ship, but from letters received by Mrs. Shadle, a sister of the two Garners, and also by Mrs. C. H. Padlock of 3009 White avenue, who is a sister of Mrs. J. E. Garner, it is probable that all three were on the ill-fated ship, and were lost, if, as reports indicate, none of the passengers or crew were saved.

Mrs. W. M. Coppins of 445 E. 15th street, is also a sister of Mrs. Garner. She also received letters of a similar nature. The letters to Mrs. Shadle, Mrs. Padlock and Mrs. Coppins were of much the same nature, and conveyed the information that Mr. and Mrs. J. E. Garner, and Alfred R. Garner, a number of other residents of Circle and Miller House, midway between Circle and Fairbanks, near where the mine was located of which J. E. Garner was the manager, had intended to leave Circle, Alaska, by Yukon river boat, planning to take the last one out, going by boat as far as White Horse, and taking the train to Skagway, and there to embark on the Princess Sophia. Whether they succeeded in reaching Skagway in time to take this boat, or whether they are still at some point of their journey is problematical. In one of the letters to Mrs. Shadle, Mrs. Garner stated they expected to reach Seattle about the 15th or 20th of October, and that would indicate that they had reached Skagway in time to embark on the Sophia.

The message received at the office of Clarence J. Berry, San Francisco, stated they had all three left Circle together, and the fact that the name of Alfred Garner appears among the list of those lost on the boat would seem to confirm the supposition that the party had reached Skagway and sailed on the Sophia. The only matter of doubt in the minds of the relatives is that the Alfred Garner might be some other person than the former Fresno resident, as the name is very common. Relatives of the two men, and have some assurance from San Francisco that a list of the passengers will be obtainable a few days later.

Charles Berry, owner of the mine of which J. E. Garner was manager, is absent on a hunting trip, and could not be reached. Whether he would have any additional information as to the time of departure of the Fresno party is not known, and will not be available until his return. He was out of reach of wire communication yesterday.

Alfred R. Garner went to the Yukon country in 1911, and has been there continuously ever since. Mr. Garner came out, with the exception of a visit to the exposition, with Mr. and Mrs. J. E. Garner in 1915, all three spent the winter here in Fresno. J. E. Garner and wife went to Alaska fifteen years ago. Mr. Garner came out, with the exception of a visit to the exposition, with Mr. and Mrs. J. E. Garner in 1915, all three spent the winter here in Fresno. J. E. Garner and wife went to Alaska fifteen years ago. Mr. Garner came out, with the exception of a visit to the exposition, with Mr. and Mrs. J. E. Garner in 1915, all three spent the winter here in Fresno.

EWING OVER INFLUENZA.
A. D. Ewing, county treasurer, is about recovered from an attack of Spanish influenza. He ventured to visit his office in the courthouse for a few minutes yesterday.

HOMER HATFIELD BETTER.
Homer Hatfield, son of Mr. and Mrs. A. A. Hatfield, who has been dangerously ill of influenza pneumonia at the military training school at Roswell, N. M., is improving slowly, according to a telegram received yesterday. Mr. and Mrs. Hatfield are at his bedside.

PAYING TAXES BY MAIL.
County taxes paid yesterday morning amounted to \$14,820.25. This was considered a very good showing, by Ray W. Baker, collector. Many more payments are coming in through the mails.

Arrivals Overseas

ON THE WAY FROM THE VALLEY TO THE RHINE
Ernest Greening, Sergeant Williams and Bugler Lee S. Renfro.

Inspector J. M. Greening of the Fresno police department, announces that he received word of the arrival in France of his brother, Ernest Greening, Greening was formerly of Fresno and Tranquillity and is now a member of the Forty-fifth aviation corps. His mother, Mrs. Henry Bohne, lives in Tranquillity. He enlisted in Fresno several months ago, and was sent to Camp Wise, San Antonio, Texas. From there he left for Newport News, where he was stationed previous to his departure for Europe. Relatives of Bugler Lee S. Renfro

in Fowler have received word of his safe arrival in France. He writes that he had received a letter from the ocean. He is with Company B, Sixty-ninth Engineers.

Sergeants Joseph S. Williams, of Battery A, Seventy-fifth regiment, he enlisted at Helix, Wis., in November, 1917, and was first sent to Jefferson barracks, Missouri, and since April, 1918 he was stationed at Fort Casswell, North Carolina, up to the time of his departure for France. He is the only son of Mrs. Garg W. Tinkham, of Lalon.

200 ARE CALLED FOR ARMY TESTS

"19-36" Draft Men to Be
Examined Tomorrow
Morning

More than 200 Fresno draft men were called yesterday to report for physical examination in the Law Library at 10 o'clock. They are registered in the 19-36 draft. Following are those called:

Niels P. Rasmussen.
Richard B. Tanner.
Ernest Dougherty.
Jenar W. Nielsen.
Edward W. Maracci.
Bonk P. Tuckberry, Jr.
Mark Suglian.
Paul Ostwood.

Mikhail Arakaloff, Division 1, Houghton, Mich.

TRENTON, N. J., Oct. 28.—Meyer D. Graudard, known as the "New York soap box orator," who opposed the draft, liberty loan and things military, today was found physically fit for service. He was sent to Camp Dix tomorrow. He was a former student of Columbia University. Graudard served a year in jail here for failing to register.

AMSTERDAM, Oct. 28.—Forty-five thousand railway workers in Prussia and here are incapacitated with influenza and passenger traffic is much restricted in consequence, according to the Berlin Tagblatt.

WILL STIPULATE COPYISTS' FACTS

Attorneys Agree on Plan
in Suit Against County
in Court Tomorrow

Judge M. L. Short of Kings county will come to Fresno tomorrow to confer with the recorder's court case. District Attorney M. F. McCormick and C. E. Lindsey, who represents Miss Lillian Frame in her suit against the county, have agreed to stipulate the facts in the case. This will greatly simplify the situation, as only points of law will have to be determined.

It is expected that the judge will require about ten days for answers, and that the case will be set for trial at the superior court is concerned, within two weeks.

STEPHENS' LEADERS WILL PLAN DRIVE

Plans will be made this afternoon at a conference of Stephens supporters for a whirlwind drive-up of the local campaign for the re-election of the governor. The meeting was called by Mayor William F. Toomey, president of the Stephens-for-Governor Club, and although the mayor is down with the influenza, he managed to urge Secretary A. W. Carlson not to permit the meeting to be postponed because of his illness. Consequently the local Stephens leaders will hold a conference at 4 o'clock this afternoon on the roof garden of the Commercial club. Those who have been called to the conference are A. M. Drew, Rev. Will A. Betts, John Fairweather, George Cosgrave, Chas. S. Osborn, Jr., David L. Newman, Judge Carl A. Lindsay, John Baldwin, George W. Jones, Truman G. Hart, Jeff Davis, Charles Dillon, F. L. Irwin, Walter Johnson, M. E. Harris, E. E. Mansfield, William Glass, Dr. J. M. Crawford, John W. Short, W. A. Sutherland, John C. Moore and Gen. M. W. Muller.

NO GOLD SHIPPED IN SOPHIA CARGO

JUNEAU, Alaska, Oct. 28.—No gold was in the Sophia's cargo, according to Juneau officers of the Canadian Pacific Railway Company. James Stewart, Saturday said Klondike gold producers believed the Sophia carried about \$1,000,000 in gold being sent outside.

Details received here today said that Friday afternoon it was decided to rig the line and send the Sophia's people to the Cedar in baskets if it became necessary. The rising winds and waters evidently blocked the execution of the plans.

PERSONAL MENTION

Mr. and Mrs. Alfred S. Tubbs and Miss Hayward of San Francisco are registered at the Hotel Fresno. Tubbs is president of the Tubbs Cordonage Company.

Mr. and Mrs. Edwin Casey and Mrs. M. Horner of Los Angeles are stopping at the Hughes.

For Burning Eczema
Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 25c or \$1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The E. W. Ross Co., Cleveland, O.

SOCIETY

Mrs. William Alvord Moss returned several days ago from Camp Fremont, to remain with her grandparents, Mr. and Mrs. F. M. Chittenden, during Lieutenant Moss' absence overseas. Mrs. Moss was Miss Doris Hudson before her marriage, which was an interesting event of last Easter Sunday.

Miss Emma Brax has returned from San Francisco, where she has been taking a course for private secretaries.

Mr. and Mrs. George Casey are receiving congratulations of their friends upon the advent of a little daughter in their household.

Ensign Will Tupper and Ensign Floyd Cowan were members of a group of naval officers who passed through Fresno recently enroute from San Pedro to San Francisco, where they have been assigned to patrol duty in the bay for some months.

Capt. Harry Craycroft came down from Camp Fremont for an over Sunday visit with his family.

At a quiet home wedding of pretty appointments on Sunday at high noon, Miss Dorothy E. Tombs became the bride of Henry Neil Martin, the ceremony being solemnized at the home of the groom's mother, Mrs. Vienna Martin, on Glenn avenue. The ceremony was performed by Rev. Duncan Wallace in a bower of daisies and cut flowers. The bride wore a handsome suit of brown broadcloth, with a small hat to correspond in color. Following the ceremony, a wedding breakfast was served at the future home of the couple, 1855 Glenn avenue.

Mrs. Martin is the daughter of S. Tombs, and claims many friends locally, where she graduated from the high and normal schools. Mr. Martin is an employee of the local postoffice, and holds the high esteem of business associates. They will be at home after November 5 at their home on Glenn avenue.

Among those who witnessed the pretty ceremony were Mrs. Vienna Martin, S. Tombs, Mr. and Mrs. E. Lewis, Duncan Wallace, Mr. and Mrs. Carl McCollister, Mr. and Mrs. John McCollister, Miss Hazel McFarland, Miss Adelaide Klemmeyer, Miss Evelyn Tombs and Miss Ellie Heiberger.

Mrs. Fred W. Fisher and her daughter, Mrs. Hollis K. Malt, returned Sunday night from a month's trip to New York, having gone East for a visit with Lieutenant Revere Fisher, prior to his departure for overseas service. Enroute home they stopped off in Berkeley for a short visit with Emerson Fisher, who is a member of the Students Training Camp at the University of California.

Capt. A. B. McConnell left last night for Camp Fremont, where he has been assigned for army duty.

Friends of Mr. and Mrs. J. Poay Miller, former Fresnoans, who are now living in the country, were very happy in congratulating them on the arrival of a little daughter in their home, who is to be christened Madeline Jage Miller.

The Red Cross auxiliary of the First Christian church has been forced to remove its place of meeting, since the church building has been given over for use as a hospital, and through the courtesy of the First Baptist church the auxiliary will meet there today and each other day of this week, commencing at 8 o'clock. Members are asked to bring their own lunches. The regular Red Cross auxiliary has been increased in this auxiliary, owing to the fact that the workers at headquarters are devoting all their energies to the manufacture of "flu" masks.

A special sewing session of the community auxiliary, of the Red Cross will meet at 9 o'clock this morning in the basement of the First Congregational church. If ladies who can do machine sewing and who cannot come on Thursday would come today they would aid in the patriotic work for our army and release from work for today some of the faithful women who otherwise will do double duty in Red Cross sewing.

Mrs. J. W. Lane has returned to her home in Englewood, southern California, after a visit with her aunt, Mrs. P. E. Cook.

Mrs. Raymond Mitchell of Reno, Nev., is the guest of her mother, Mrs. E. Howard, having just returned from Camp Fremont, where she spent several weeks prior to her husband's departure for overseas duty.

Mrs. Benjamin Lewis and children returned on Sunday night from an extended sojourn in Oakland.

COURT TAKES UP CRIMINAL CASES

John C. Mathews pleaded not guilty, then guilty, to a charge of burglary in the superior court yesterday. Judge John C. Mathews has applied for probation.

In the trial of Harry Morrow, William Makasian and Grace Moore, charged with contributing to the delinquency of a minor, the man pleaded guilty, and asked for probation. They will be up for sentence November 2.

John R. Kinsman was released on probation for two years. He was charged with assault.

KERMAN RANCH BRINGS \$19,900

An agreement of sale was filed yesterday with W. A. Cannons as executor of the estate of E. J. Smith for the sale of the Eberhart alfalfa ranch near Kerman. The property is described as south half of the southwest quarter of the northwest quarter of the southwest quarter, 16, 14-15. The price is \$19,900.

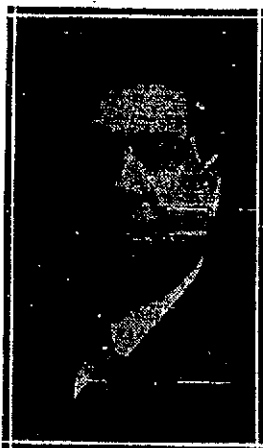

NEED FOR BOAT BUILDERS URGENT

The secretary of the local civil service board is in receipt of a notice from the board of labor at Mare Island navy yard which calls attention to the need for twenty boat-builders at \$6.64 per diem with time and a half for overtime, which ranges from one to two hours a day.

Applications may be obtained from the branch office board of labor, room 405 Grant building, San Francisco, or from the board of labor, Mare Island navy yard, Vallejo, California.

DAVE L. NEWMAN TO LEAVE FOR EUROPE

Fresno Business Man Accepted for Red Cross Work

DAVE L. NEWMAN President of Fresno County Chamber of Commerce, Who Has Been Accepted for Red Cross Work in Europe.

Dave L. Newman, well known business man in Fresno, leaves on Wednesday afternoon to take up Red Cross work in either France or Italy, according to a telegram received by him yesterday asking him to report to Red Cross headquarters in San Francisco for final instructions preparatory to leaving for New York, where he is due on November 6.

Newman has been associated with the firm of Kutter-Goldstein for the past thirty years, and is now manager of the dry goods department. He was born in San Francisco, and after a short residence in Oregon he came to Fresno in his boyhood, and has resided in Fresno continuously since then.

For years he has identified himself with all matters pertaining to the welfare of the city. He is at present president of the Fresno County Chamber of Commerce, of which body he has been a member for many years. At the organization of the Fresno Home Guards he took an active interest, and became one of the original members. He now holds the rank of sergeant in that organization, and was one of the officers in charge when the Home Guards worked all night on Saturday night last to prepare the First Christian church as a hospital for the reception of influenza patients during the present epidemic.

Newman states that he has tried in recent various other departments of military service, but owing to age limit, he was informed that he was only eligible for Red Cross work.

TANK OFFICER IS HERE FOR RECRUITS

In his search for two-fisted, hard-hitting Americans who are possessed of a desire to "go over the top" across "no man's land" and into the German trenches in a hissing, fire-spitting, terror-spreading steel clad monster, Lieut. Warren F. Myers, of the United States tank corps, arrived in Fresno last night and will spend today interviewing candidates.

Personally, Lieut. Myers is typical of the service he represents. He is stocky, square-jawed and active, with keen eyes, and has the appearance of being a "straight from the shoulder" American. In speaking of the tank corps last night he said: "The tank service is a strictly motorized fighting unit. It requires a personnel largely composed of artisans and technically trained men, supported by a substantial number of soldiers. All who enter this branch from civil life must do so in the grade of 'private.' Early promotion to the highest non-commissioned grade is open to those who can qualify therefor. No commissions will be given in the tank corps from civil life, but appointments to the grade of second lieutenant will be made from the enlisted men in this department."

"Men to qualify for this service need not be university or college men, but should be men of intelligence, physically sound and of good physique. Tank corps service will be vigorous, and in no case can men qualified for 'limited service only' or whose vision does not last at least 20-30 in one eye and 20-40 in the other, be accepted. "At this time men whose professions would qualify them for the following positions are especially desired: Tractor drivers, heavy auto truck drivers, auto engine mechanics, machine gun mechanics, gas engine experts, bench machinists, oxy-acetylene welders, blacksmiths, wireless buzzer operators, cooks, lathe hands, grinders, stenographers, motorcycle drivers, topographers, telephone operators, auto electrical workers and general clerks. "Advancement in this service is rapid for men of energy and application. In every light tank company only twelve men remain privates; the rest are either first-class privates or noncommissioned officers."

"The tank corps maintains an officers training school to which enlisted men are eligible on recommendation from their company commander. In this school the course consists of a rigorous mental and physical training extending over a period of thirty days, at the conclusion of which the successful receive commissions as second lieutenants."

"Men accepted at this time will be sent to Camp Pook, at Raleigh, N. C., for a few weeks' preliminary training before they are sent overseas for intensive training in either France or England, and all battalions now being recruited will be on the other side in time to participate in the spring offensive on the west front."

Lieut. Myers will remain in Fresno but one day. He will have his headquarters at 847 J street, near the corner of Kern.

WHITESIDE LEAVES RANCH TO MOTHER

The will of Ed Whiteside, signed October 18, while he was on his deathbed in Coalinga, was filed yesterday with the county clerk. Whiteside was a well-known rancher, living near Helms. He had grain land holdings and considerable personal property. He left the realty to his mother, Mrs. Ellen Whiteside. His partnership business interests he bequeathed to his father, C. Whiteside, and his brother, R. O. Whiteside. The estate is valued at about \$11,235.

PACKING HOUSES HAMPERED BY EPIDEMIC

Raisin Association Calls on Growers to Slow Down Deliveries

Crop Drying Splendidly; No Cause for Alarm; Need to Save Boxes

Owing to a rush upon the part of the farmers to deliver their raisins and to the epidemic of the influenza, which has prevented the California Raisin Company keeping up its quota of packers, the association yesterday found itself flooded with deliveries it is unable to handle. The officials last night issued a statement to the growers asking them to hold back their deliveries for a day or two or longer if necessary, in order to get the best service.

The request calls attention of the growers to the shortage of packers and the impossibility of operating the plants at full capacity, and also to the fact there need be no hurry upon the part of growers who have the wooden trays. "The raisins are drying in wonderful fashion," said an official. "Where they are dry enough to stack, the farmer can keep them indefinitely. If the fruit is all rushed in now there is a shortage of sweet-boxes, which will mean that fruit will have to wait in the yards, and in some cases may be damaged. The packing plants managers are to instruct the growers to box and stack the raisins in the yards. The plants cannot stop to stem the 'C' grades now. Growers in distant sections are asked not to ship their cars to Fresno. The plants here are swamped with their present condition of equipment."

If the growers will delay their shipments a few days it is probable the packing plants will clear up the stock on hand. The 'C' grades are those handled on a 3-14-cent basis, and require special handling. Growers should be instructed in filling out orders and orders of the trade, having in some cases to pre-rotate the shipments. It is desired to fill as many as possible of these orders now. It was stated it is to the interest of the growers to get the best raisins packed, so that the plants can give better attention to the rest.

It is necessary to save as many boxes as possible now. It was stated yesterday that the packing plant managers are complying strictly with the health regulations, and that any who are ill are immediately sent home, and that the mask ordinances are being enforced.

TRAVELER'S AID HELPS STRANGERS

The Traveler's Aid report from April to October, 1918, given by Miss Mabel Wolff, general secretary of the local T. W. C. A., as follows: Number of trains met at Southern Pacific and Santa Fe, 1,694; information and directions, 1,542; telephones and telegrams, 1,542; directed to the T. W. C. A., 31; number of girls assisted, 131; number of women assisted (not otherwise mentioned), 84; number of mothers, 59; number of elderly or sick, 25; number of boys, 12.

In stating a few of the cases that she had met with, Miss Wolff said:

"One case was that of two girls of 14 and 15 years who waited over from the 8 p. m. until the midnight train. When asked how they intended to spend the evening, they said: 'Oh, see the town. This was their first trip to Fresno, and I knew if I told them to stay in the station they would go as soon as my back was turned, so I suggested we do it together, and they consented. When at last they came to the station, I was much weary, but knew that the girls were safely on their way home. The mother wrote me a most grateful letter."

"One young Spanish girl was taken to a grandmother, who used to be very kind and helpful, but when I explained who we were, she was most approving and grateful. "One case that would have been very sad had she not been so very cheerful, was that of a deaf and blind woman, who was not met but whom I took to friends. "One poor sick woman came here hoping to be cured of an illness of years standing. In a few days she was taken to a physician, who treated her for a long time, and advised her how to take care of herself when she returned home."

"The mother of a 11-year-old, who was making a trip to British Columbia, came to me for advice. The Traveler's Aid at Oakland was written to meet the girl and was in then passed on to other aid. "One 14-year-old girl going to visit her sister in Oakland," Miss Wolff said, "neglected to write at which station she would leave the train, all the address she had was general delivery. I wired the Traveler's Aid in Oakland to meet her at 16th street, and she afterward sent me word that she had placed the girl with her sister."

"So many girls," Miss Wolff continued, "must or at least do depend on the stars for part of their journey. One girl was forced to take the stage when relatives failed to meet her, as they lived six miles from the nearest railroad, and she could not get a stage until 11 p. m. Not being able to persuade her husband to wait, I waited with her and put her on the stage and she later sent a card telling of her safe arrival."

"Among many other cases, I received a wire to meet a girl coming in on a train. When she started to get up to go straight through, but found she would have to stay over night in Fresno. She was quite concerned until she was informed that she could wire me and I would meet her. I brought her to our building and next morning she took her train. She also sent a card."

Miss Wolff also told of the cases of a mother with a small child who had taken a sleeper but her husband had ridden in a day coach, and when the woman left the train she was unable to find him. She waited all day and when night came, she was taken to the T. W. C. A. and loaned enough money to buy her breakfast, and to send a telegram to her son. The next morning the husband appeared, saying he had been carried by, and the woman with many thanks paid for the bed and returned the money loaned.

Dr. Allen Jackson's Dental Office closed on account of illness. Watch this paper for re-opening announcement.

CHUMS ENTER SERVICE Youngest Nurses From Here

Nellie Hamlin and Nina Cartwright, High School girls who are to become Nurses.

The two were prominent in the various war activities of the school, and were members of the Portia. The Portia is a girls' parliamentary law club of the high school, in which organization the two held, in different terms, the office of vice president and minor other offices. Miss Hamlin was also secretary and reporter of the club last year.

The families of both girls motored with them as far as San Francisco, where they remained over Monday visiting friends. The girls went on to Washington by boat last night.

NO FARM PICNIC ON THURSDAY

The annual election and picnic of the Fresno County Farm Bureau, planned for October 24 and later for Thursday, October 31, has been postponed indefinitely. Adviser Smith announced yesterday. The postponement is due to the influenza cases. Plans for a future meeting will be announced later.

DOUBLE SERVICES TO BE HELD
Funeral announcements are made of John J. Soranno, a carpenter, aged 36 years, who died at the county orphanage, and Mrs. Grace Soranno, his sister-in-law, wife of Mark Soranno, who died at the county home 1222 D street, aged 32 years. Both had lived in California for over twenty years. The funeral of John J. Soranno will be held at Mountain View cemetery at 10 o'clock on Wednesday morning, and that of Mrs. Mary Soranno will be held at 11 o'clock.

R. C. IN NEED OF EMERGENCY WORK

An urgent call is sent out for workers in the surgical dressings department at Military Relief headquarters in the Chamber of Commerce building. Emergency work is being rushed in the completion of masks and pneumonia jackets. The workers who assembled on Sunday to endeavor to meet the demand, completed a substantial supply of the articles, but so great a demand for them was had, the supply was nearly depleted yesterday, and so the work must be continued until the emergency is over.

CHICO EDITOR DIES.
CHICO, Cal., Oct. 28.—John Briscoe, 40, editor of the Chico Enterprise, and known throughout the state, died here today of Spanish influenza.

TRAINING MEN WILL ENTER U. S. TANK SERVICE

Several Volunteers Apply
for Admission; Two to
Try Aviation

Outdoor Drill Companies
Open for All Draft
Men in Calls

A number of the drafted men who are doing night drills under supervision of National Guard officers are leaving shortly for service. Several leave each week for special service. Last night four men told Captain S. L. Gallaher that they were going to attempt to enter the tank service today. Others had their cards endorsed, and will leave for other recruiting stations. Two plan to apply for aviation training at Berkeley today.

The companies are planning for a lesson in trench warfare in a few days. A small section of regulation trenches will be constructed. The tactics of trench fighting will be taught. It is also possible that a half hour's practice in hand grenade throwing will be taught. The officers include men experienced in both these arts.

Corporal's Tryout
Last night's drill was followed by a quarter hour of company drill, conducted by corporals. The "non-com" made a very creditable showing, although a few men were sent over vehicles and retaining walls that apparently had been overlooked by the new commanders. Both the corporals and the men enjoyed the variety.

Tonight's drill will be the usual Tuesday night's class, and tomorrow night's weekly officers' school. All the work is being done in the open, owing to the influenza situation. Nine squads of men drilled in masks last night.

The practical side of the drills was also illustrated last night when it was found that a large proportion of the men will undergo their physical examinations for the army at the courthouse today. Others will be up each day this week. Several recruits are being listed. All the draft men in the early calls are especially invited to gain some of the rudiments of training by attending the open-air drills.

HOLD SERVICE FOR GIRL
Funeral services for Florence L. Foster, daughter of J. E. Foster of Del Rey, were held at the chapel of Stephens & Bean yesterday afternoon.

Miss Foster died of pneumonia, succumbing an attack of influenza, on Saturday. She was 17 years of age. The body was placed in a vault to await the completion of the mausoleum.

Twa Mouthfu's o' Naething

Doc Matthewson
Will catch ye
If ye dinna watch oot;
Put that simple fact
In yir pipe
An' draw on it.
He gae oap one side
O' a street
An' down th'ither
An' leaves ahint him
A trail o' shut dries,
Wi vacation notices
Tae a' th' clerks
Posted on them,
An' it's easy-like
Fir tae find th' lad
Be lujkin' about
On th' streets
Till yir e's rest
On someone
Wi a shock o' white hair,
Standin' in th' midst
O' body o' Fresno folk
Whase stoors are decorated
Wi large notices
Signed be th' Health Boord.
They'll be tellin' him
One at a time
An' twa at a time
An' oddwhiles
In fu' chorus.
Hoo' guid they'll be
An' hoo' law abidin'
If he'll just leave them
Open oop again.
Th' Doc is workin',
I suld say.
Aboot an average
O' thirty-six hours
Oot o' each day.
An' he's been at that
Fir about a week, noo.
An' he kens weel
Hoo' vera serious
Is this here epidemic.
Sae he hes few words
Fir th' feckless folk
Wha hinder his work.
It seems foolish tae me
Tae be wearin'
A bit o' cheesecloth

Ower me mouth an' nose,
But I can muid
O' a lot o' things
Thot hae seemed foolish
When I was daein' them
But I ken noo
They were a' reecht.
I thoct it foolish
When I was first telt;
Thot mosquitoes
Were th' real cause
O' th' chills an' fever
Thot roasted me flesh
An' rattled me bones
An' made me lulk
Like a yellow daifool.
An' I thoct it
A sicht foolisher
When they telt me
Thot th' one-halt
O' an auld barrel,
Sawed in twa,
An' haudin' three inches
O' still water,
Culd be th' breedin' place
Fir eneuch mosquitoes
Tae gie malaria
Fae a whole neeborhood.
But I've lived
Fir tae see doctors
Quit their practice
Acause barrels were emptied
An' puddles cleaned oop.
Sae noo I ken
Thot whit I thoct foolish
Wes th' vera height
O' wisdom.
An' in consequence
O' a' these things
I'm wearin' me mask
An' pumpin' mesel' oop
Wi Doebell's solution
An' I advise a' o' ye
Tae follow me example
As ye live.
Doc Matthewson
Will catch ye
If ye dinna watch oot.
Yir Frien'
—SCOTTY.

ASCRIBES VICTORY TO ALLIED UNITY

Colonel House at Paris for
President Wilson, Talks
of Success

PARIS, Oct. 28.—Colonel E. M. House, who has arrived in Paris on a confidential mission for President Wilson, today made the following statement to the Associated Press:
"It is with the keenest pleasure that I find myself again in France. Upon my last visit some eleven months ago, the Allied fortunes, it seemed, had struck their lowest levels. Those memorable days, when we consigned together and formulated plans looking toward military and naval unity and the co-ordination of war economy and industries, can never be forgotten."

"From that hour the clouds began to lift and we could see, dimly at first, the stars of hope and victory which today are shining with such a steady glow."
"We are now confronted with difficult and more complex problems—problems which I feel confident will be met with high courage and with the wisdom which comes from lofty motives."

Colonel House said that his trip had no correlation with an armistice and that he had not received from President Wilson and the American government special powers to negotiate on this question. As regards future negotiations which might arise, Colonel House declined to talk.

TO HOLD SERVICE AT TOLLHOUSE
Funeral services are announced to be held for Mrs. Gladys Barker, who died at Sanger on Saturday. The service will be held this morning at 10:30 o'clock at Tollhouse cemetery.

She was a native of California, and was the wife of Claude Barker of Cascaida, by whom she is survived. She is also survived by her mother, Mrs. C. C. Burnett, and three sisters, Mrs. Madden, and Mrs. Poulson of Sanger, and Mrs. Roy Mills of Barkerfield. Lisle Bros. have charge of the arrangements.

TO HOLD MEMORIAL SERVICE
Special memorial services are announced to be held at the College of Physicians and Surgeons in San Francisco this morning for Dr. W. T. Burke, who died in Fresno a week ago. Dr. Burke was a graduate of the college.

It is stated that more than 100 members of the students' army training corps will take part in the ceremonies. Dr. Charles Boston, dean of the college, will deliver the eulogy.

TO HOLD SERVICE FOR NAVAL MAN
Funeral services for John Cullen, who died in Oakland from pneumonia following influenza on Friday last, will be held this afternoon in the new Liberty cemetery at 1:30 o'clock.

Cullen was in the United States naval service. He is survived by his wife, Mrs. Alice Cullen, who resides in Fresno. He enlisted in the navy from Fresno several months ago. Stephens & Bean are in charge of the arrangements.

YOUNG AVIATOR BURIED
George W. Harness, the young Fresno aviator who died at Fort Leavenworth on October 19, was buried in the Liberty cemetery yesterday morning with military honors. The Fresno home guards fired a salute over the grave.

ASSOCIATE EDITOR DIES.
SPOKANE, Wash., Oct. 27.—Thomas J. Connelly, former associate editor of a Catholic church publication at Sacramento, Cal., and a son of Thomas A. Connelly, editor of the publication, died today at Fort Wright, near here, of pneumonia, following influenza. He was a soldier in local automobile training school. He was aged 25 years.

Grape Syrup Will Not Solve Wine Grape Problem

In a signed letter, which has been widely printed throughout the State, Dr. D. M. Gandier, head of the Dry forces of California, says:

"The newspapers report that a bulletin just being issued by the University of California says that wine grapes can be used for making syrup more profitably than for making wine, and that with slight changes the wineries can be used to make syrup. This would seem to remove the last obstacle to prohibition in California."

This statement, to say the least, is misleading.

It is true that grape syrup can be made from grapes. But it is also true that only a small part of our immense wine grapes production could or would be used for syrup purposes.

Let the public bear in mind the fact that the making of grape syrup is no new discovery. It is as old as the ages, and if production of syrup were a profitable business in normal times, every winery in the State would have been manufacturing it long ago.

On August 27, 1918, Prof. T. Bioletti, in charge of the viticultural laboratory of the Agricultural Experiment Station at Berkeley, California, in an open letter to Congressman Charles H. Randall (who had made similar misleading statements in a telegram to the President), wrote:

"At the present high prices of wine grapes, of labor, and of all materials, it is difficult or impossible to interest grape growers, wineries or sugar factories in a totally new and untried product."

"My conclusions, based on what I know or believe on the subject, are:

"(1) That prohibition of wine-making would destroy the value of the grape vineyards of the State and ruin most of the growers.
"(2) That if wine-making is not prohibited, the manufacture of grape syrup offers a very promising means of utilizing a considerable portion of our crop of wine, table and raisin grapes, that portion which is at present wasted in great part owing to some defect which makes it unsuitable for the purposes of the main crop; and

"(3) That the manufacture of grape syrup can become a considerable industry only after years of effort and trial by the producer and of education of the consumer, unless very materially aided and hastened by large governmental encouragement."

Consider this if you want to be just:
For sweetening power, grape syrup can be no commercial competitor of cane or beet sugar in normal times. The grapes themselves would cost the syrup producer more than finished sugar costs the refiner. With that condition, can any sincere citizen believe the cry of the fanatical prohibitionist that "Syrup is the salvation of the vineyardist?"

Be Fair to the Grape Growers

Vote "NO" on Proposition No. 22

(Bone-Dry Prohibition)

WARLOW LEAVES ESTATE TO SON

Mrs. Warlow Has Separate Property; Value Not Determined

The last will and testament of the late George L. Warlow was filed yesterday by W. T. Knowles, of Fresno. It was made in August, 1918. He bequeaths all the property to his son, Chester Warlow, making mention of the fact that the community property had been divided between himself and wife previously.

Chester Warlow is named executor. The petition lists the properties as follows:

Lots in North Villa tract, Fresno, valued at about \$7,000; realty properties in Tulare county, about \$3,500; and personal property of a value unknown to the petitioner. The personal property is largely all stocks.

H. E. Barbour is attorney for the petitioner.

Chester Warlow is in Fresno from the U. S. army aviation field in which as Young Warlow is a first lieutenant in the service.

The Ministerial Union of Fresno City Unreservedly and Unanimously Endorses the Candidacy of Ben Drenth for Sheriff

At a special meeting of the Ministerial Union of Fresno, held at the First Christian church, Monday, October 28th, at ten o'clock a. m., the following resolution was unanimously adopted:

"Believing that the office of Sheriff is the most important office in the County to be filled at the coming election, and Ben Drenth having taken an unqualified stand on the Dry Question; and knowing the ability of Mr. Drenth to fill the office to which he aspires:

We, the Ministerial Union of Fresno, do hereby unreservedly endorse his candidacy and commend him to the citizens of this County for their suffrage at the coming election on November 5th, 1918."

G. R. E. MACDONALD, President.

JOSEPH B. TRAVIS, Sec'y Pro Tem.

T. R. HARROLD INCUMBENT FOR SURVEYOR

15 Years Chief Deputy Under the Late SCOTT McKAY

Again I thank the voters of Fresno county for the splendid plurality they gave me at the August primary and most earnestly solicit a continuance of your support at the November election.

With reference to the duties of County Surveyor the last legislature passed the following law:

"After the first Monday in January, 1919, the surveyor and his deputies shall devote their entire time and service to the work of the county, and are prohibited from engaging in private surveying and engineering work, etc."

If elected I propose to follow not only the letter, but the spirit of the law, and will give to the people a progressive, up-to-date, efficient and economical administration. If this policy meets with your approval, I should be pleased to have you mark your ballot this way:

T. R. HARROLD For Surveyor

Supervisor CHAS. WELLS

Candidate for Re-election

Fourth Dist.

A Word To the Thoughtful Voter

I have served you for four years, and have tried to do my full duty without favor, ever considering the best interest of all.

My record is before you. You are riding daily on my roads. I have accomplished what I have, under war conditions. I am asking you to re-elect me for another term, for I feel with my experience, that during the next four years I can serve you better.

Mr. Business Man, whether you are a banker, merchant or farmer, if you had under your employment a man that you had trained for four years and was giving satisfaction, would you discharge him without a cause and replace him with a novice who is unfamiliar with your business, and spend money and time to train him?

Think this over as a business proposition and vote your answer Nov. 5, 1918.

CHAS. WELLS

SORE, ITCHING, BROKEN-OUT SKIN NEEDS POSLAM

If there are any raw, broken-out places on your skin that burn, itch and aggravate, apply Poslam right on them—it cannot harm—and enjoy its benefits which are yours so easily. Feel its soothing, healing influence. If you suffer from eczema you should know at once what Poslam can do for you. It is your dependable remedy for every eruption—disorder: pimples, rash, sun-burn, Poslam is quality-healing power, concentrated.

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

And Poslam Soap, being medicated with Poslam, which physicians agree is the cause of 50 per cent of all human ailments.

The Orel Drug Co.'s stores have filled an enormous demand for "J. B. L. Cascades" in the past few years, and will show and explain it to you on request. A free and interesting booklet on Internal Health—"Why Man of Today is Only 50 Per Cent Efficient"—can be obtained at their stores free of any cost.

Get Ready for War Drive

COUNTY ORGANIZATION FOR WAR WORK DRIVE NEARLY COMPLETE

County General Committee Is Announced; Four-Minute Men to Assist in Campaign; to Organize Victory Boys

Although the united war work campaign is announced to begin on November 11 and last for one week, ending November 18, the united war work campaign committee has already almost completed the organization of the county with a view to reach every man, woman and child, according to the announcement of H. E. Patterson, county campaign manager, at the headquarters of the committee, 1206 J street, Fresno, adjoining the offices of the Consolidated Railroads in the Cory building.

Fresno county's quota of the national fund for war work is announced at \$146,800, being a sum slightly under \$1.50 for each person in the entire county, or about \$1.85 for each of the 8000 soldiers who have gone from the county in the present war.

The campaign in Fresno city has already started with the addresses of Dr. Charles T. Wheeler, of Chico, who addressed large gatherings on the roof garden of the Elks' Club, and on Sunday morning a mass meeting of the congregations of Fresno churches, in confirmation of the words of the boys over there who have written to their folks in Fresno county of the work carried on by the seven services represented in the war work drive. Dr. Wheeler told his hearers of his experiences as a visitor and investigator on behalf of the United States government to the battlefields of Europe.

Dr. Wheeler also opened the campaign at Kingsburg and Selma on Sunday afternoon by addressing large open air crowds presided over by the local war work chairman. His reception on each occasion, H. E. Patterson stated, satisfied the executive committee that Fresno county people realize that now is the time to give and to give heartily as a means of keeping up the morale of the American boys, and thereby bringing the war to a successful conclusion for the allies.

Every newspaper in the county has been asked to co-operate in the work of telling the people of the great war and sacrifices of the war services included in the war drive. And every organization in the county, Patterson said, will be called on to do its part in seeing that Fresno county once more will take the lead in looking after the welfare of the soldier.

Organizations Represented
The organizations represented in the united war work drive are the Y. M. C. A., the Knights of Columbus, the Y. W. C. A., the Jewish Welfare Board, the Salvation Army, the War Camp Community Service, and the American Library Association. Each of these bodies has the approval of the county general committee.

Vote For Ray E. Fair For Constable

I am asking for election absolutely on qualifications. I am not being supported, or backed by money for a big advertising campaign, by any clique of men who would tie me up to obligations, but stand on my own merits.

If you elect me, you will put a trained peace officer in office who will be independent of any influence that would hinder him from giving the county the most efficient service.

Is this not a fair and square appeal for your vote?

Meet me and you will be sure that the work of the constable's office will be done promptly and successfully.

RAY E. FAIR
GENERAL ELECTION
TUESDAY, NOV. 5.

Tells What War Services Do for Soldiers Abroad

A visitor to the headquarters of the Fresno County United War Work at 1206 J street yesterday told of the need for the war services. "The average American soldier, and indeed the average soldier of countries nearer the battle line," he said, "feel strange among their new surroundings, and it takes much time and much effort on the part of their comrades and the war workers to bring them back to their normal fighting spirit."

"American soldiers in France," he said, "are billeted in barns, chicken coops, outbuildings; they live in trenches filled with water and they combat 'cooties' that make life almost unbearable. Hourly they face death. There isn't anything too good for them. They are entitled to everything that they need or want. Army food is good, their clothing is sufficient. There is no complaint from that score."

"They are six thousand miles from home in a strange land. Even the language is different. They long for something that reminds them of home. They find it in the Y. M. C. A. but it is of C. building or Salvation Army dug-out. These places are the nearest thing to home that they know. "Without these organizations placing at their disposal writing paper and envelopes, phonographs, entertainments, motion pictures, warmth and comfort, the American soldier in France would have no decent place to spend his leisure time. It is to maintain this welfare work that a drive for \$170,000,000 will be made November 11 to 18. Every person is expected to contribute according to his means. Every dollar will bring comfort and happiness to American soldiers."

BEGIN DRIVE FOR LOCAL "Y" FUNDS

Fresno Y. M. C. A. and Y. W. C. A. drive for local funds began yesterday when the captains went out and made a house to house canvass of their territory. Although the figures for the day were not available last night, George A. Forbes, war work chairman of the Fresno Y. M. C. A., stated that all the captains reported they had a satisfactory day. The results will be tabulated this morning, he announced. It was stated that many people had confused the national drive for war work funds with this local drive. Mr. Forbes stated that all captains were instructed to inform subscribers of the distinction, and to aid the coming drive as much as they could.

Sparking of the campaign for local funds, Forbes said last night. "The campaign for funds which is being conducted this week by the local Young Men's Christian Association and the Young Men's Christian Association gives an opportunity for every citizen to make an investment for strengthening the character of Fresno's boys and girls. The Y. W. C. A. and the Y. M. C. A. must raise funds from citizens who believe in keeping these organizations going. The solicitors were on the street yesterday and word received from several teams gave encouraging reports. "All the workers are expected to assemble this morning at 9 o'clock, Y. M. C. A. building, when the reports will be tabulated, and the total of Monday's work given out. Some important announcements will be made, and the campaign manager, Secretary and the campaign committee will report promptly at 9:00 this morning, no matter whether they expect to spend time soliciting or not in the forenoon. All should be present for this conference."

LONDON, Oct. 28.—British casualties for the week ending today numbered 22,282, compared with 37,150 for the previous week. They were divided as follows: Killed or died of wounds, 436; men, 6307; wounded or missing, 14,111; men, 25,365.

Willard Hopkins, a Member of the Firm of A. B. Hopkins & Sons, Fresno Undertakers

Makes An Appeal To The Voters To Elect Dr. Long Coroner

Read This Letter to His Parents:

October 21, 1918.

Major General's H. S. D. Dept.
Camp Fremont, Cal.

DEAR MOTHER AND FATHER:—

We received orders to pack up, as we leave tonight for New York, and then across. I was in hope of getting another furlough before leaving but the order for our departure has come sooner than we expected.

Camp Fremont is a great camp. We were certainly treated royally here.

Now, mother and father, don't worry about me. I'm alright and will be back with you soon. * * *

Bend all your efforts toward the election of Dr. Long for Coroner as his election means everything to us. I only wish I could be home to help him in his campaign. I am sure that if the voters realized how unjust it is to put one undertaker in control of this county office, that they would elect Dr. Long so that all of the undertakers would get a share of the Coroner's cases.

Work as hard as you can for Dr. Long's election.

I will write you when I arrive in New York.

Your loving son,

WILLARD.

Mr. and Mrs. Voter:

This boy enlisted one year and 5 months ago, leaving his business to serve his country. Should you not protect his interests by electing Dr. Long Coroner on his sworn pledge to give equal rights to all the undertakers of the city and county?

General Election, Tuesday, Nov. 5th

WILSON CALLS ON YOU TO SEND HENRY HAWSON TO CONGRESS

PRESIDENT WILSON WANTS HENRY HAWSON IN CONGRESS. He said so last Friday. On that day he CALLED ON YOU to Elect Hawson.

There was no quibbling. He did not say a SUBSTITUTE would do. He did not say a Republican CAMOUFLAGED as a Wilson loyalist would do. In language that will not lend itself to misinterpretation, President Wilson told the American people simply and frankly that this is not time "for divided counsel or for divided leadership." He said the Republicans in Congress had NOT STOOD BEHIND HIM. They had been pro-war. He commended them for the sacrifices they had made by fighting for their country on the battlefields of France. But they had been ANTI-Administration. They had "sought to take the choice of policies and the conduct of the war out of my hands and put it under the control of instrumentalities of their own choosing."

"Unity of command," said the President, "is as necessary now in civil action as it is upon the field of battle. If control of the House and the Senate should be taken away from the party now in power an opposing majority could assume control of legislation and oblige all action to be taken amidst contest and OBSTRUCTION."

AT THE HOUR OF VICTORY WOULD YOU HAVE MARSHAL FOCH OBSTRUCTED IN HIS GREAT FORWARD MARCH BY MAKING HIM ANSWER TO A COUNCIL OF WAR OUT OF SYMPATHY WITH HIM? MAKE YOUR ANSWER NOV. 5.

PRESIDENT WILSON WANTS HENRY HAWSON IN CONGRESS. The President said:

"The return of a Republican majority to either house of Congress would be interpretative on the other side of the water as a repudiation of my leadership."

There is only one DEMOCRATIC CANDIDATE for CONGRESS in the SEVENTH District.

All of us can't engage in direct war tasks; civil activities require the bulk of the nation.

But we fail in our civil duty—we fail as soldiers of the supporting line at home—if we fail to stand at this great hour solidly behind the Commander-in-Chief of our Army and Navy—the President of the United States.

A change in the Party in Power in this country may cause disaster in Europe. It may build up the morale of the German people and create lack of confidence in our resoluteness in the hearts of our Allied soldiers who have learned to look upon a change of party as a repudiation of the government in control and of its purposes and ideals.

HENRY HAWSON SAYS: "As a candidate of the Democratic Party I am appealing to the voters on my pledge loyally to support President Wilson, not only in the work of winning the war, but in all the problems with which we shall be confronted after the war."

HOW THE SHOE HURTS WHEN IT'S ON THE OTHER FOOT

"Remember that whether you will or not, your votes this year will be viewed by the nations of Europe from one standpoint only. They will draw no fine distinctions. A refusal to sustain the President this year will, in their eyes, be read as a refusal to sustain the war and to sustain the efforts of our Peace Commission to secure the fruits of war. Such a refusal may not inconceivably bring about a rupture of the peace negotiations. It will give heart to our defeated antagonists; it will make possible the interference of those doubtful neutral nations, who in this struggle have wished us ill."

Read carefully that tremendous plea to support the PARTY IN POWER in time of war. It is the appeal of a leader of his party. It calls upon the American people to go to the polls and uphold their government by sending to Congress a majority of his own party committed unequivocally to the policies of his party.

A refusal to sustain the President this year will be viewed by the nations of Europe from one standpoint only. * * * in their eyes it will be read as a refusal to sustain the war and to sustain the efforts of our peace commission to secure the fruits of war."

LET THOSE WORDS SINK IN. THEY ARE FULL OF MEANING. They do not call upon the members of his own party alone to support their President. They do not lend themselves to misinterpretation. They summon all the people of America to go to the polls stripped of their partisanship and vote for candidates for the CONGRESS who belong to the party of the PRESIDENT.

THE AUTHOR OF THAT APPEAL TO THE LOYALTY OF THE AMERICAN PEOPLE WAS THEODORE ROOSEVELT.

Theodore Roosevelt set down as a principle that it is essential to return to power "to secure the fruits of war," the party that has waged war to a victorious conclusion.

THEODORE ROOSEVELT, TWENTY YEARS AGO when the REPUBLICAN PARTY WAS IN POWER and WILLIAM MCKINLEY was President, and a SUCCESSFUL WAR had been waged for the FREEDOM OF CUBA against a SECOND RATE military and naval power and the PEOPLE OF THE UNITED STATES were about to go to the polls to select by ballot their representatives in Congress, called on all the people, irrespective of party affiliation, to return to Congress a REPUBLICAN MAJORITY because of the effect the support of the PARTY IN POWER would have in Europe.

If THEODORE ROOSEVELT felt it to be so TREMENDOUSLY IMPORTANT for the whole American people to stand unwaveringly behind President McKinley and in full accord with his war policies and his peace terms when the United States had just concluded a war to FREE THE PEOPLE OF THE ISLAND OF CUBA, then numbering about 1,700,000—a population less than the present population of Alsace-Lorraine—how vastly more important it is now to sustain the administration in concluding a war in which is at stake the freedom of all the peoples of the Allied nations, in round numbers more than 1,350,000,000, from the menace of Prussian oppression. Peace seems near. It may not be. Autocracy must finally yield to the superior man-power and wealth of America, France, Britain, Italy, Japan Belgium and their lesser Allies. But WHEN is the word. Germany's defeat is certain. The moment is not.

And President Benjamin Harrison was a good Republican. And when he pleaded for the election of a REPUBLICAN CONGRESS to support President McKinley twenty years ago, he said:

"If the word goes forth that the people of the United States are standing solidly behind the President, the task of the Peace Commissioners will be easy, but if there is a break in the ranks—if the Democrats score a telling victory, if Democratic Senators, Congressmen and Governors are elected—Spain will see in it a gleam of hope, she will take fresh hope, and a renewal of hostilities, more war, may be necessary to secure to us what we have already won."

If the great REPUBLICANS in the nation felt that a DEMOCRATIC CONGRESS would interrupt the peace negotiations and give Spain new hope, how much more important is it NOW when we are fighting the greatest military power the world has ever known TO DO EVERYTHING IN OUR POWER TO PREVENT GIVING NEW HOPE TO THE KAISER AND THE PRUSSIAN JUNKERS—NEW HOPE THAT WILL CAUSE THEM TO LIE TO THEIR PEOPLE and tell them "the WILSON GOVERNMENT has been overthrown by the REPUBLICAN PARTY and we shall go back to battle and win because the ENEMIES OF GERMANY are out of power in AMERICA." And it would not be beneath the HUN KAISER to go farther than that. It would not be beneath him to lie about the effect of the change of PARTY POWER to such an extent as to make his slacked people believe that the change of PARTY POWER meant not alone a repudiation of Wilson, but a repudiation of Wilson's purpose to impose upon Germany unconditional surrender before taking up seriously the question of peace.

LINCOLN, ROOSEVELT, HARRISON have raised their voices in perfect agreement with WILSON that it is fatal to change the PARTY IN POWER in such a time as this.

There is only one consideration that causes Republicans all over the country to cry out against WILSON'S appeal to the people. And that reason is: THE SHOE IS ON THE OTHER FOOT!

And until that moment comes he lives in the WORST and do your BEST.

And if a change in the "Party in Power" would have embarrassed McKinley during the peace conferences following the war with Spain, how much more will it embarrass President Wilson should the American people fail on November 5 to return a Democratic majority to Congress? If, as Roosevelt said, the failure to re-elect McKinley would be interpreted in Europe as a refusal on the part of the people "to sustain the war and the efforts of our peace commission to secure the fruits of war," then WHAT WOULD BE THE CONSEQUENCES NOW if the American voters in the greatest crisis in the history of the world, a crisis in which WOODROW WILSON is destined to play the chief role and a crisis involving NEARLY EVERY NATION ON EARTH instead of ONE SECOND RATE NATION, should go to the polls on November 5 and REPUDIATE WILSON?

What courage will the repudiation of the WILSON ADMINISTRATION give to the Kaiser and the Central Empires? If as ROOSEVELT reasoned, the failure to put a REPUBLICAN CONGRESS behind McKinley might "BRING ABOUT A RUPTURE OF THE PEACE NEGOTIATIONS" with Spain whose entire navy had been swept from the sea at Manila Bay and at Santiago, whose land forces had been wiped out in one great charge, if then a change in the "Party in Power" might have interrupted peace negotiations—what might not happen at this critical moment should the peoples of Europe receive word that WOODROW WILSON, the man who carried courage to Hun-swept Belgium, to desperate France, to wavering Italy, to bleeding England, had been REPUDIATED BY THE AMERICAN PEOPLE?

REPUBLICANS HAVE CHARGED WILSON WITH HAVING GONE BACK TWENTY YEARS TO FIND DEFENSE FOR HIS PLEA TO THE PEOPLE IN THE APPEAL MADE BY ROOSEVELT IN 1898.

Certainly they made that charge. No other course lay open to them. To defend their criticism of Wilson's great plea to the people, they have chosen to repudiate their greatest leader since LINCOLN. But will they repudiate LINCOLN, too, in their efforts to prove to the public that Wilson was undignified when he said so simply, "I submit my difficulties and my hopes to you. The return of a Republican majority to either house of Congress would be interpretative on the other side of the water as a repudiation of my leadership?"

Will they charge Abraham Lincoln with lack of dignity and total loss of his sense of propriety when he said to the American people at the end of the Civil War:

"DO NOT SWAP HORSES WHILE CROSSING A STREAM."

"We have fought a successful war under the plans of a Republican administration and the Democratic party of this state officially indorses the conduct of the war. We are in process of concluding terms of peace which mark the most radical step in national policy we have ever undertaken and no party rises to oppose the settlement."

"WE ARE FACING A NEW SITUATION IN WHICH THIS ADMINISTRATION AS IN ALL EMERGENCIES, MUST LEAD AND BE SUPPORTED BY THE PEOPLE, and everybody trusts the administration's leadership and is willing to give his support, THROUGH SOME PURBLIND partisans have not yet discovered that SUPPORT IS MOST EFFECTIVE IN THE FORM OF A VOTE."

—Chester H. Rowell, in an editorial in the Fresno Republican, November 3, 1918.

"Our Republican opponents are appealing for support on their assertion that they will be with President Wilson for the winning of the war. They know that no public man in America today can hope to win support unless he says at least that much. But they limit their support of the President to the duration of the war, and after the war is over will deem their pledge fulfilled and feel themselves at liberty to seek partisan political advantage by thwarting President Wilson in the performance of the not less important work which must follow upon the cessation of hostilities."—Henry Hawson.

News From Central California

RIVERBANK DOCTOR IS ILL IN FRANCE

RIVERBANK, Oct. 28.—Riverbank friends received word yesterday through Mrs. W. C. Koebig, of a notice that Lieutenant Koebig was reported ill with influenza at one of the base camps in France. Dr. and Mrs. Koebig were located at Riverbank for four years before he entered the service of Uncle Sam.

Joe Waugh has returned from Indiana, where he had been called to attend the funeral of his brother. He had died at one of the U. S. camps in New York state.

Misses Emma and Minnie Tecklenburg and John Tecklenburg, of Lodi, and Otto McDonald, of Stockton, were guests at the McDonald home yesterday.

In a recent letter received by Mrs. and Mrs. O. B. Johnson, from their son, Norton, of the U. S. navy, he stated that he had been transferred to the U. S. S. Ophir, a cargo vessel.

Mrs. A. A. Disston, who had been ill with influenza, developed pneumonia yesterday and was taken to the Alameda hospital last evening for treatment.

Measles, Wilbur Grainer and Bishop, Jr., returned last evening from a successful hunting trip at Mount Diablo, where they shot the limit of ducks.

Harry Holbrook has returned from the Morton hospital at San Francisco, much improved in health after a successful operation for appendicitis.

Mrs. William Shummons, of the Bald Eagle ranch, is reported improving from a very severe attack of pneumonia.

Mrs. Wallace, wife of Clerk Wallace of the Santa Fe shops, arrived here yesterday from San Bernardino, and they are stopping at the Bank apartments.

Measles, Jake and Fred Myers finished harvesting their fourth crop of Sudan grass this season at their ranch just north of Riverbank. Sudan grass as a rule can only make from two to three cuttings in a season, but this year, on account of the early rains, a fourth cutting was necessary, and it proved to be the heaviest of the entire season. They have just finished harvesting 220 acres of grain. They report the heaviest grain crop in recent years.

Mrs. L. E. Powers returned home to San Jose yesterday accompanied by her daughter, Miss Alice, who is located at the Stanislaus school, which is located half way between Riverbank and Selma. The school is closed for the present to assist in this way the extermination of the "flu." Mr. and Mrs. Fred Powers accompanied them as far as French Camp, making the trip by auto.

The Burrows school, located three miles north of here in San Joaquin, has been closed on account of influenza. Only one case had developed in that section, but the school board decided to use drastic measures to stamp out the spread of the disease by discontinuing all meetings in the neighborhood until further notice.

PACKING HOUSES TO CLOSE SOON

FARLIER, Oct. 28.—The packing houses are still busy thought about to close soon. Nearly all the grapes have been packed and shipped. E. Y. Foley is extending his work by buying second crop muscats. The greater part of these are not packed, but sold to a northern winery.

D. C. Shanks has purchased the P. L. Vinton blacksmith and repair shop. Eugene Brosse has left Camp Fremont for an eastern military post.

M. O. Daffabach is in charge of the Farlier mill route.

So far no cases of influenza are known in the vicinity of Farlier.

WILL EXTEND WATER SYSTEM

PORTERVILLE, Oct. 28.—Work will be started within the next few days on a major extension of the water system, more than 100 tons of pipe having just been received from the mills in the East. Practically all of the mains in the southwestern residence portion of this city are to be replaced with pipe of the new material. The service will be extended to the supply of water available for domestic use, but will also increase the capacity of the fire fighting equipment of that section.

TEN ARE CALLED FOR EXAMINATION

MADERA, Oct. 28.—The local board today issued a call for the following men to appear for physical examination on Saturday:

George B. Simpson, Merced Falls; Chas. Smith, Shasta; Institute, Riverside; Chas. P. O'Connor, Fairmead; Fred Blanchard, Chowchilla; Samuel I. Rayner, North Fork; Rodney Goudy, Ahwahnee; Thos. J. Ruane, Sayre Ranch; Madero, Smith, Morris, North Fork; Frank, Stillwell, Pock, O'Connell; Karl O. G. Boll, North Fork.

Dr. Sorenson, dentist, Rowell Bldg.,—Advertisement.

Turlock Carpenters Build New Bungalow To Assist Red Cross

TURLOCK, Oct. 28.—The Turlock chapter of the Red Cross has been provided them by the work of the carpenters of this city Sunday. The Turlock Red Cross has been maintaining a canteen station here on the north end of the depot park, supplying canisters, watermelons and fruits to soldiers and sailors on the trains. Through this means the "boys" all along the line know Turlock, and they always arrive and depart amid cheers for the local chapter of the Red Cross.

The place provided by the chapter was an open structure, covered with canvas, and was not a desirable for better quarters to protect them against the winter weather, and the carpenters volunteered to build a bungalow in one day, which they did, and this morning the members of the canteen department of the Red Cross occupied a modern new bungalow.

CEMENT PLANT TO BEGIN QUARRYING

PORTERVILLE, Oct. 28.—Preliminary work for opening the rock deposits on the south side of Portland Cement Company was begun today with the arrival from San Francisco of W. J. Dineen, one of the officials of the new corporation.

For the present, Mr. Dineen said, the work will be only minor in character, as the plant is still pending before the state engineering committee in Washington a petition for a permit for an issue of stocks and bonds.

Meantime, the rights of way for the railroad line to connect the property with the Porterville-Northeastern railroad have been purchased and survey completed.

MADERA PASSES MASK ORDINANCE

MADERA, Oct. 28.—The city trustees met in special session this afternoon and passed an ordinance making it obligatory to wear influenza masks in the public streets and in all places of business. The ordinance becomes effective immediately and will remain in force until such time as the health authorities shall decide the wearing of masks is no longer necessary.

The ordinance provides a fine of \$50 or five days in jail, or both such fine and imprisonment. There are at present about ninety cases, three of which are critical. There has been no appreciable increase in the number of cases since the public started wearing masks to supply the masks needed by tomorrow morning.

IS HOME ON FURLOUGH

BAKERSFIELD, Oct. 28.—Monroe Hammer, better known as Monroe Hochheimer, who has been in the officers training school at Fort Belvoir, California, is in Bakersfield on a furlough. He says that though he and his brother have been granted a change of name by the courts, the Hochheimer Mercantile Company will maintain its name.

PROMINENT TULARE RESIDENT PASSES

TULARE, Oct. 28.—It was learned that Dunlap passed away this morning at his home in this city. He was 65 years old and had been a resident of the county for about thirty years. He is survived by his wife and three daughters, Mrs. Susie A. Watkins of Berkeley, Mrs. B. Anderson of this city and Mrs. Alice Curtis of the island near Annapolis. Mr. and Mrs. Dunlap celebrated their golden wedding anniversary about seven years ago. Deceased was a member of the M. E. church and funeral services will be conducted Wednesday afternoon at 2 o'clock by the pastor, Rev. Thomas Burden.

INFLUENZA CASES ARE MILD IN KINGS

HANFORD, Oct. 28.—Reporting several new cases, physicians of this city state that the Spanish influenza epidemic continues. They state, however, that the cases remain mild, in a large degree, and are not cases of pneumonia have developed. The spread seems to be in homes where cases have hitherto developed, proving the unquestioned contagious tendencies of the malady. This proves also that the rules laid down prohibiting public gatherings and insisting upon children remaining off the streets and at home, has kept the disease confined in the homes principally that had already been exposed. There are now approximately 15 cases of the disease in the county, which probably 100 are in on the outskirts of transfer.

KNOCKS OUT PAIN THE FIRST ROUND

Comforting Relief From Pain Makes Sloan's the World's Liniment

This famous reliever of rheumatic aches, soreness, stiffness, neuralgia, sprains, neuritic pains, and most other external twinges that humanity suffers from, enjoys its great sales because it practically never fails to bring speedy, comforting relief.

Awaits ready for use. It takes little to penetrate without rubbing and produces results. Clean, refreshing. At all drug stores. A large bottle means economy. 30c, 60c, \$1.25.

Sloan's Liniment Kills Pain

2900 REFUGEES IN SOUTHERN HOLLAND

Tell Distressing Incidents of Death and Exposure

AMSTERDAM, Oct. 26.—Weather beaten refugees, mostly from the north of France, are trickling into the Dutch province of Brabant and Limburg. Some 2000 are now accommodated in towns in those provinces. About 5 per cent are ill from fatigue or influenza and are being cared for in hospitals and convalescents.

Distressing stories are told about the old people and babies who died from exposure on the way. One was buried where they met their end. Farther westward an exodus has yet to begin.

In view of the German disclaimer of pillaging in the retreating troops, it is significant that the corresponding at half a dozen different points on the frontier tell the same story obtained from refugees.

The Germans state everything they could by their hands on a column of refugees sent to the Rotterdam correspondent of the Algemeene.

WEARING OF MASKS MADE COMPULSORY

MODESTO, Oct. 28.—The city council has passed an ordinance making compulsory the wearing of gauze masks as a prevention of influenza. All persons appearing in public must be provided with masks. The order was at first confined to employees of stores, but now includes the general public. No one can enter the streets except with a mask, and the police have been instructed to enforce the ordinance. The Red Cross work rooms were busy all day Sunday making masks for sale in the downtown stores. The masks sell for 10 cents, and the proceeds will be given to the Red Cross.

City Health Officer Dr. J. K. Hanson and County Health Officer Dr. J. L. Hennemuth, both expressed the belief that the epidemic has passed its apex here, and both expect to see a decrease of cases this week. Dr. Hanson reported that he has had 125 cases reported here thus far. He has only 52 cases, Dr. Hennemuth reported 125 cases in the county for the week just closed. Really definite figures as to the number of cases are not to be obtained, as there are so many slight illnesses with colds in the county which are mistaken for influenza. The schools will remain closed during this week.

WINTON CLOSES DURING EPIDEMIC

WINTON, Oct. 28.—There will be no meeting of the Christian Endeavor Society for the present, nor any gatherings whatever until the influenza epidemic has subsided. No cases have been reported here thus far. Not a few masks are being worn here, and it is hoped that the number of persons willing to protect others as well as themselves will increase while the need exists.

Superintendent Peckly has a crew of men hauling a carload of rock from Yarn station to place around one of the pillars of the big bridge below the old Shaffer home.

Mr. and Mrs. Oliver Cover and daughter, Miss Sadie, and Mr. and Mrs. M. J. Cover, all of Wood County, west of Modesto, spent Friday with Mr. and Mrs. J. W. Hare on Winton Way.

Miss Florence Harris, principal of the Alameda school, has closed her school and is at home with her parents, Mr. and Mrs. D. Harris.

Miss M. Hanson, teaching in the Santa Rosa school, is at the home of her parents, who have recently moved here, during the closed period of her school.

C. P. Christian of Sebastopol was calling on the Hansen and Pitt families the latter part of the week. Mr. Christian has been very successful in locating these people on well improved ranches and they are now acquainted with their new surroundings.

W. B. Persing and Myrtle Pitt have been having a little sport the past few days after wild ducks and waterfowl around the marshes near Atwater.

L. B. Read and Westley Willhott are spending a couple of days over on the San Joaquin hunting and fishing.

Rev. and Mrs. Surface motored to Ceres during the past week.

Miss Edna White of Ceres, who has been visiting the Persing and Surface families, accompanied Rev. and Mrs. Surface to Ceres to visit other relatives.

The farewell service to be held in the Presbyterian church on Sunday morning by Rev. Surface has been postponed, owing to the epidemic prevalent over the country.

EPIDEMIC IS SUBSIDING

OROSI, Oct. 28.—The epidemic of Spanish influenza in Orosi is subsiding, but it is expected that for another week the schools will be closed and all public gatherings discontinued.

Orosi went over the top in the fourth liberty bond drive. The town's quota was \$11,242.00, the amount subscribed was 69 per cent over.

Miss Maude Etheridge entertained a merry group of friends at a dinner party on Thursday evening, comprising Misses Lucy Woodhouse and Edna Helen Porterfield of California, and Mrs. W. A. Oxford are receiving congratulations upon the advent of a little daughter in their home on October 21.

SELECT NEW TRUSTEE

SANGER, Oct. 28.—W. M. Barr has been elected to fill the vacancy on the board of city trustee caused by the resignation of Dr. Madden, who has been accepted in the United States Army. Mr. Barr was also made president of the board.

U. S. DEVELOPS NEW MINE TYPE

Used Effectively in Checking German Divers in North Sea

WASHINGTON, Oct. 27.—Mines used in laying the submarine mine barrage off the North Sea were of a new type, produced by the United States Navy. The new mine is a self-contained mine, and is a statement of the part of the American navy in cooperation with the British navy.

The problem first to be solved, Mr. Daniels said, was development of a new type of mine, none of the old being adapted for use against submarines. The mining device was developed by the navy, and is reported that everyone is willing to follow the orders to avoid a general spread of the disease. Three of the principal barrier mines have closed their doors until Thursday. Few school cases have been reported with but one death directly due to the disease.

2000 REFUGEES IN SOUTHERN HOLLAND

Tell Distressing Incidents of Death and Exposure

AMSTERDAM, Oct. 26.—Weather beaten refugees, mostly from the north of France, are trickling into the Dutch province of Brabant and Limburg. Some 2000 are now accommodated in towns in those provinces. About 5 per cent are ill from fatigue or influenza and are being cared for in hospitals and convalescents.

Distressing stories are told about the old people and babies who died from exposure on the way. One was buried where they met their end. Farther westward an exodus has yet to begin.

The Germans state everything they could by their hands on a column of refugees sent to the Rotterdam correspondent of the Algemeene.

BUFFALO'S CARS AGAIN MOVING

BUFFALO, N. Y., Oct. 28.—Buffalo's street cars began to move through the streets tonight, after lying idle in the yards for twenty-three days while the employees held out for the wage scale of the war labor board and the National Railway Company demanded the privilege of charging a six-cent fare. The settlement was a compromise. The men will get the war labor board scale of 44 in 48 cents an hour.

The company will charge a five-cent fare for thirty days and six cents thereafter.

INFLUENZA VICTIM DIES IN REEDLEY

REEDLEY, Oct. 28.—The first victim of influenza at Reedley was a young man by the name of Anderson, who passed away last evening at the home in the east part of the town. He had come from Astoria, Oregon, about two years ago, suffering with lung trouble, and has been making his home with the Huns family, who were friends of his parents. His mother came from Astoria a few weeks ago to visit with him, and was here at the time of his death. He will take his body back to Astoria for burial. He was a young man of admirable character and made friends with all with whom he came in contact. Although a semi-invalid, he was always cheerful and pleasant, and his many friends are deeply grieved by his death, and their sympathy is with the mother who experiences such a sad ending for her visit with her son.

WOMAN AT TULARE DIES OF INFLUENZA

TULARE, Oct. 28.—Pneumonia, following an attack of Spanish influenza, caused the death of Mrs. Ida May Mullins, wife of Lee Mullins, living on North K street. The Tulare hospital yesterday. The funeral was held at 2 o'clock this afternoon at the Globe undertaking parlors and was in charge of Enterprise. Rebekah Lodge, Rev. Fred I. Drecker being the officiating clergyman. Mrs. Mullins died in December, 1915, and was aged nearly 29 years. She was married to Lee Mullins in their native state eleven years ago. Besides the husband, who also died, she leaves three children: Jessie Lee, aged 9, Ruby, aged 5, and R. M., aged 3. Her father, R. M. Hawkins, two brothers, Ed R. Hawkins of Coalinga, and S. L. Hawkins of St. Clair, Tenn., and one sister, Mrs. E. C. of this city also survive. Another brother, J. L. Hawkins, died last week, his body being shipped back east for burial. The family came from Tennessee six months ago.

LEMOORE SOLDIER DIES IN ARMY CAMP

HANFORD, Oct. 28.—News of the death of their son, William J. Sorkick, in Camp Fremont, San Francisco, was received here today. Young Sorkick was one of the most recent draft men to leave here, having enlisted as a student in the mechanical school and returned from this city on October 1. He was 21 years of age. Besides the parents, two brothers, Ford and N. W. Sorkick, and a sister, Mrs. Lyman L. Pollett, of Lemoore survive. The remains will be sent to Lemoore for burial, but as yet no definite arrangements for the funeral have been made.

INFLUENZA CAUSES DEATH OF SOLDIER

TULARE, Oct. 28.—Tipton friends of Joe Zanni have received word of the young soldier's death from influenza at an eastern training camp. A little Zanni, another recruit, is with the American expeditionary forces in France.

BIG TULARE RANCH TO BE SUBDIVIDED

TULARE, Oct. 28.—The 5,000 acre improved ranch belonging to the Pacific States Corporation, and known as the Tagus ranch, situated about 10 miles north of Tulare, is to be cut into small ranches of 20 acres and larger and leased on attractive terms to responsible parties, according to plans well under way by the management, of which Hulet Merrill, Sr., is president.

Arrangements are now being made for disposing of the large herds of pure bred cattle, horses and hogs at auction sale. Included in the stock are 900 high grade Holstein Angus breeding cows and heifers, with 1500 high grade Shorthorn cows and heifers, besides three registered bulls; 50 pure bred Holstein cows and heifers; 15 registered thoroughbred and Standard stallions and 24 maros; 200 registered Duroc Jersey hogs.

The Tagus ranch is one of the best known large ranch propositions in the San Joaquin valley, having been at one time run by the famous Tagus farming project, later being used for sugar beet raising. Under the present ownership, which took the ranch over a few years ago, the ranch was converted into a pedigree stock farm, and has since been used as a breeding place for the kind of stock it is now making the change from farming the immense ranch themselves to leasing it out in smaller tracts.

There are twenty-three 20-acre power, electrically pumped plants on the ranch, nearly one for each quarter section, which insures an abundance of water for irrigation purposes. There are also a large number of buildings, warehouses and barns, etc. The plan is announced to build suitable homes and ranch buildings for tenants as desired.

WASHINGTON, Oct. 26.—Operation of the "skip-stop" system of street car companies in twenty-four states for six months saved coal or its power equivalent at the rate of 65,122 tons annually.

LONDON, Oct. 28.—The London correspondent of the Liverpool Post explains Lord Beaverbrook's resignation from the ministry of information, not altogether owing to the state of his health, but because he is disappointed with the position, the department not having developed as he had hoped.

SANGERITE RAISES FINE COTTON CROP

SANGER, Oct. 28.—J. R. Pense, a rancher near here, with the assistance of his son, C. Pense, has demonstrated that cotton can be grown successfully in the Sanger district. They have just completed picking for the first time thirty acres of this staple, which they planted on the Paden place near Sanger in May. The crop was irrigated twice during the season and cultivated in the usual manner. They got four bales from the first picking, and paid \$2 a hundred for the picking to school children who flocked out to the farm after school hours and assisted in gathering the first crop of cotton ever planted in the Sanger district. Mr. Pense and his son are well pleased with their experience, as they expect to get twenty bales from thirty acres, and the prevailing price of 35 cents a pound will net them better than \$180 a bale; besides the seed is worth \$60 a ton, and each bale produces about half a ton. Mr. Pense contrasts the price and the general result with the last experience he had in Oklahoma some years ago, when he collected 100 bales a pound for his cotton, or about \$30 a bale. A pair of overalls at this time costs about \$3, but he is satisfied, for the reason that he has a crop, will get a good price and will have the "necessary price." That's the case with all crop producers in California, where crop failure is seldom met with.

ELECT OFFICERS OFF FARM BUREAU

POWELL, Oct. 28.—At the annual meeting of the Powell farm bureau, held recently, officers were elected. Talks were given by Prof. R. L. Nougali and Biletti of Berkeley, George Deaver, Jr., was re-elected president, and T. P. Hogan, secretary.

Miss Malba Malvern came up from Los Angeles to reside during the winter months in California. She is a daughter of the late Malvern, who was a prominent figure in the community.

Mr. and Mrs. A. D. Wilson and daughter Mary returned from Berkeley Friday, where they had visited for a few days. They were accompanied by the officers of the training camp in Virginia.

Although there are many cases of the influenza in and about Powell, none of them are serious. The health board has rigidly enforced the health laws, and it is thought that within a few days the contagion will be on the wane.

TRANSFER WAR WORKER

TULARE, Oct. 28.—Jesse Cobb, who has been working as a Y. M. C. A. secretary at Camp Fremont, has been transferred to the Presidio, filling the two positions formerly occupied by Dr. P. C. Brooks and C. C. McCowan of Berkeley.

NAME PROBATION OFFICERS

HANFORD, Oct. 28.—E. G. Sellers of Lemoore and Mrs. Nathan Weismann of Hanford have been appointed members of the Kings county probation committee to fill vacancies.

UNITE ROADS IN 2-TRACK SERVICE

Railway Administration Effects Economy in Nevada Section

SAN FRANCISCO, Oct. 27.—In order to most efficiently operate the Southern Pacific and Western Pacific railroads under federal control plans have been made and will become effective in a few days by operating lines of the two systems as a double track for about 180 miles in Nevada where the roads are close together. According to Federal Manager W. H. Scott, final plans for construction of eleven cross-over tracks and one water station have been agreed upon, the work to cost approximately \$150,000. Connecting tracks have been constructed at Weed, two miles east of Winnemucca and Alamo, four miles east of Wells.

When the new plan becomes effective, all eastward trains will move over Western Pacific tracks, and western trains over Southern Pacific tracks.

This does not mean, as some seem to be the impression by some, that all traffic east or westbound between Salt Lake and San Francisco will be handled by the Southern Pacific or Western Pacific. Both roads will retain their identity and will handle their own trains. The only points where the two roads will consolidate are those mentioned above, and the only purpose of combining is to gain speed and eliminate waiting at meeting points. Outside of the section between Nevada and Arizona, both roads will handle their own freight and passenger trains as heretofore. That is, both the Western Pacific and the Southern Pacific will carry passengers and freight and mail between Reno and Salt Lake and Ogden and into Salt Lake, as they have always done.

Such an arrangement is only carrying out the plan that was worked out by the officers of both roads before the Western Pacific was taken over by the government. As far as conditions will permit, one station in a town will be used for both roads. At Carlin, arrangements are being made so that trains of both lines will pass through the Southern Pacific yards. At Carlin the Southern Pacific station will be used by both lines and at Elko the Western Pacific station. Schedules as to train times are now being worked out and will be shortly announced.

AMSTERDAM, Oct. 28.—A new Ukrainian minister, has been formed with M. Lisagub as premier, today a dispatch from Kiev, received today.

TRAINED NURSE GIVES RECIPE FOR GRAY HAIR

Gives Recipe for Simple Home-Made Remedy That Quickly Darkens It

Mrs. A. Dixon, a well known Brooklyn trained nurse, made the following statement regarding gray hair: "Streaked, faded or gray hair can be quickly turned black, brown or light brown by the use of the following remedy that you can make at home: 'Merely get a small box of Orlex powder at any drug store. It costs very little and no extras to buy. Dissolve it in water and comb it through the hair. Full direction for mixing and use come in each box. 'You need not hesitate to use Orlex as a \$100.00 gold band comes in each box guaranteeing the user that Orlex does not contain silver, lead, zinc, mercury, aniline, coal-tar products or their derivatives. 'It does not run off, is not sticky orummy and leaves the hair fluffy. It will make a gray haired person look twenty years younger.'—Advertisement.

IRRIGATION TRIAL WILL BE RESUMED

VISALIA, Oct. 28.—Further postponement of the trial of the Tulare Irrigation district against the Lindsay-Strathmore irrigation district injunction suit will appear before Superior Judge W. B. Wallace tomorrow morning. The case has been in court over a year, and has been postponed after sessions lasting six months, from time to time since last spring to permit of other court business being transacted.

The suit involves the taking of water by the Lindsay-Strathmore irrigation district from the Kaweah delta to irrigate the 15,000 acres of citrus lands in the \$1,500,000 Lindsay-Strathmore district.

HOLD FUNERAL SERVICE

TULARE, Oct. 28.—Funeral services were held this morning over the remains of Mrs. Maude N. Short, who died in Oakland at the Pablos hospital, October 26. She was the wife of Thomas F. Short, who having lived near Tulare in 1903, her parents now live at Milo, above Springfield. Deceased was born in Texas thirty-four years ago.

TRY MAKING YOUR OWN COUGH REMEDY

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any drugist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, purified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never fails.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and helps the coughing, irritates the membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your drugist for "2 1/2 ounces of Pinex," as full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

ALL FORCES OF CITY ORGANIZED TO COMBAT FLU EPIDEMIC

Mayor's Office Is Made Health Board Headquarters
—County Takes Action to Enforce Mask Order
—Pneumonia Cases on Increase

First Christian Church Converted Into Temporary Hospital for Influenza patients

BURN YOUR RUBBISH IS ORDER
To the Chief of Police and Fire Department:
The health measure I hereby order that all rubbish, such as leaves, brush, etc., be burned at once to comply with the fire ordinance of the city. Such burning must be done between sunrise and sunset. Give this your immediate attention.
Signed: C. MATTHEWSON, Health Officer.

Important developments yesterday in the fight to check the influenza epidemic were:
The county supervisors adopted an ordinance prohibiting anyone from appearing on the public highways or in public places without a gauze mask. The punishment for violations will be a fine of not less than \$25 or more than \$50, or imprisonment in the county jail for not more than six months, or both, fine and imprisonment.

The city trustees met to pass a similar ordinance but failed to have a quorum and will meet again today, unless illness or absence from the city prevents a quorum being present. Until such an ordinance is passed, the city health department will enforce the wearing of masks order under the power vested by section 297a of the Political Code.

The city board of health established headquarters at the office of the mayor, where President William Glass of the Fresno chapter of the Red Cross will be in charge every day until the epidemic is overcome.

Plans were made at a conference in the mayor's office last night to equip the Fresno state normal school building as a hospital should the epidemic not show an immediate decrease. In the event that the normal school building is used, temporary hospitals will be abandoned in order that all patients may be cared for in the same building.

Another call was issued for nurses and Mayor Toomey from his sick bed issued a proclamation calling upon all physicians as a civic duty to lend their private services to the work of combating the epidemic, and also called upon specialists to aid the regular physicians of the city.

This restaurant are expected to begin voluntary closing at 8 p. m., starting tonight, to help check the spread of the disease.

Signs were placed yesterday on all homes where there are influenza cases as a warning to the public to keep away.
With a total of 2355 cases of influenza reported by Dr. C. Matthewson, city health officer, in Fresno since the epidemic reached the city, and with an increasing percentage of pneumonia cases, steps were taken yesterday not only to organize the fight against the spread of the disease, but to compel those who are careless of their own safety and the safety of others to wear masks.

Church Hospital Crowded
Although there were only nineteen cases at the First Christian Church temporary hospital late Sunday night, there were fifty-one cases at midnight last night. There were nearly sixty cases at the county orphanage, and more than one hundred at the county hospital. The total number of new cases reported Sunday and announced yesterday was 114; the number of new cases reported yesterday was 108.

With these figures confronting them, Dr. C. Matthewson, city health officer, Dr. W. W. Cross, in charge of the orphanage and the day nursery, President William Glass of the Fresno chapter of the Red Cross, Secretary L. J. Allen of the Merchants' Association, held conferences during the day and evening with the city trustees and officials and decided to establish a headquarters in the mayor's office. At once steps to organize the fight were taken. The city purchasing agent, Ed Jones, will look after the buying of supplies, and accounts will be kept at each hospital, and the books for all temporary hospitals will be kept by City Clerk Charles Dillon, who will return to his desk today after an attack of influenza.

All calls for Red Cross aid or notification of new cases are to be sent to the temporary headquarters of the department of health, telephone 787. Ambulances have been prepared for the immediate transportation of patients to hospitals. The city health department is equipped to equip the salvage truck of the Red Cross into an ambulance, and completed their work yesterday. All the firemen, furthermore, have volunteered to give their days off to help the city through the epidemic, and the engine and truck drivers are voluntarily driving the improvised ambulances. A. Woodward and W. H. Ferris manned the ambulances Sunday night, and last night they were manned by Lieutenant R. C. Lacey of Truck 1 and Foreman H. J. Jernigan of Engine 5.

Clubrooms Offered for Hospital
As a matter of precaution, so that facilities will be ample, in case the normal school plan does not work out, the committee in charge of combating the epidemic last night accepted the offer of the Parlor Lecture club to permit the use of the clubhouse as a temporary hospital. Mrs. Dan T. Zimmerman, chairman of the Red Cross committee of the club, took the matter up and Mrs. H. H. Alexander of the house committee declared the club would be ready to turn over its clubhouse quarters at a moment's notice, from Dr. Matthewson. All the

A PROCLAMATION

The city of Fresno is passing through the first serious epidemic in its history. More than 2000 of our people have been stricken, and the percentage of deaths is constantly increasing, although all the forces of the city are being used to combat the further spread of the disease.

The Merchants' Association and its members are co-operating with splendid usefulness with the health department in every effort to check the spread of the epidemic, which not only has reached serious proportions in this city, but which as yet has shown no considerable decrease. The Red Cross, the churches, the schools, and nearly all the people are all within their power to aid the Board of Health, and Dr. Matthewson, the health officer, is carrying on his huge task.

But some of those who should most willingly assist in the city's effort to check the spread of the disease have not responded to the extent expected of them. Scores of young women who have never before engaged in nursing have nobly volunteered their services; many all the training within call of the city have hastened to our aid, but there are other nurses, themselves perfectly willing to go out and nurse the sick, who have not been able to volunteer because they are engaged by doctors for their private profession.

In this crisis, when the Board of Health is preparing to empty all the lodging houses of the stricken and remove them at once to temporary hospitals, it seems to me that every doctor in the city should co-operate to his full ability with those who are in charge of the fight to decrease the daily number of influenza cases and decrease at the same time the growing percentage of pneumonia cases.

As mayor of this city, I, therefore, call upon every physician who has in his service a professional nurse to release her at once in order that she may serve in the city's greatest number, who need her, and I urge, further, that all specialists contribute to the city for a few days their services as general practitioners to aid the physicians who are giving all their time to this work.

W. F. TOOMEY, Mayor.

INTEREST IN CONGRESS NOW VERY MUCH ALIVE

WILSON INFLUENCE
HURT BY APPEAL

Chester Rowell Sends a Statement to New York Paper

In response to an inquiry from the New York American, Chester H. Rowell yesterday wired that newspaper that in his opinion, President Wilson's partisan appeal has done more to discredit his influence abroad and at home than the most partisan Republican Congress could do.

The telegram from the New York American follows:
Chester Rowell, Fresno, Cal.
Please wire us statement on your opinion as to the effect of President Wilson's appeal. Also what have you to say of statement of Hon. S. Cummings, acting Democratic national chairman, that the Republicans scheme a million and a half congressional fund. Please rush reply.

CITY EDITOR,
New York American.
Mr. Rowell's reply was as follows:
City Editor,
New York American.

In my opinion, President Wilson's partisan appeal has done more to discredit his influence abroad and at home than the most partisan Republican Congress could do. At a time when the peace of the world and the future of humanity may depend on the confidence of the nations in his every word, he has issued a statement so palpably insincere and untrue as to cast doubt on everything else he says.

If he fears that Republicans might do better than he in the campaign, he should not be demanding that representation of the German people in the German government. What else may be done during war, we must restore democracy to America for reconstruction after war. A Democratic practice which has not been able to rid itself of the leadership of Clark, Kitchen and Dent, and whose only recommendation is that the government leave the government to him, can not accomplish this task. We need a Republican Congress, not because it is Republican, but because it alone could be independent. An observation is that public opinion regards Wilson's appeal as a descent from his high estate, and that it has aroused indignation which will assure a Republican Congress. Statement of Cummings that Republicans plan million and a half congressional campaign fund is ridiculous. My own experience indicates that this is fifty times more money than they have available.

CHESTER H. ROWELL.

reported at the county orphanage building last night. There was an equal number of influenza cases. This hospital needs one more graduate trained nurse and two or more practical nurses today.

The hospital has been called for draft exemption and given notice of quitting. But upon his telling the officials he is quite willing to stay to help the hospital, they have taken his case up with the exemption boards, and secured his release from draft duty for the present.

Miss Christian, the head nurse, is ill, and another nurse has severely sprained an ankle and cannot be on her feet.

The building is suitable for a hospital. The officials have undertaken the responsibility of caring for the patients, and additional nurses are imperatively needed.

V. W. Galls for Nurses.
Miss Marie Wolf, general secretary of the Y. W. C. A., urges the women and girls to take the elementary hygiene and home care of the sick classes at the association last year to volunteer their services during the present epidemic.

Miss Wolf stated yesterday that many had withheld their services because they were not competent enough to nurse the cases. But because of the emergency, Miss Wolf wishes this feeling overruled.

WILL LIQUIDATE AUSTRIAN EMPIRE

COPENHAGEN, Oct. 28.—A despatch from Vienna says the emperor accepted the resignation of Baron Von Hunsacker as premier Sunday and appointed Professor Lammasch as his successor.

According to despatches, Professor Lammasch will form a liquidation ministry composed of impartial officers exclusively to bring about a speedy peace and the transfer of affairs from the central to the national governments during the transition period.

Sidway
Folding Go-
Carts Are
The Best

We Have a
Complete
Line of Reed
and Fibre
Buggies

Our line of Reed and Fibre Buggies is very large and you will have no trouble in selecting a style suited both to your taste and the limits of your purse. We will be glad to show you the line whenever you come to the store.

We have a line of Folding Go-Carts that cannot be surpassed for completeness, for variety of style, or for low cost. We are undoubtedly carrying the best line in this community.

The Sidway Go-Cart is universally popular because of its convenience for the mother and the comfort of the child. The bodies are roomy and comfortable, and the Sidway Adjustable Spring insures its being always at the right tension.

We bought our stock months ago, long before the prices advanced. Consequently our prices are right.

SEAMAN CHOSEN TO PARLIAMENT

LONDON, Oct. 28.—Joseph Havelock Wilson, leader of the seamen of Great Britain, today was elected to parliament to represent South Shields.

The new member is a strong advocate of the boycotting of Germany after the war and often has announced that Germany would be punished for the murder of British sailors on the high seas.

In conclusion I will state that the reports that have come to me during this campaign indicate that the voters of the seventh congressional district desire a change in their representation in congress and that they will elect a Republican congressman on November 5th.

Mariposa St. Grocery Specials

for Today and Wednesday

—On account of many people not wanting to come to town we have installed an excellent telephone service and guarantee positive delivery on schedule time. We have an expert telephone operator and all telephone orders before 11 in the mornings will be delivered in the afternoon and all afternoon telephone orders will be delivered the following morning.

BLISS NATIVE HERB TABLETS

Tonight at Bedtime

If you feel out-of-sorts, run-down or "all in" from over exertion, or if you are constipated, or your liver is out of order, take BLISS NATIVE HERB TABLETS. In severe cases of headache or rheumatism, take two tablets may be taken. You will get up next morning feeling very much better. Bliss Native Herb Tablets are not only but effective on the kidney, liver and bowels. One box contains 20 tablets, costs \$1.00, and usually lasts six months. Get the genuine and look for the trade mark and money back guarantee on each box. Sold by leading druggists and local agents everywhere.
